

Our Town

THE PRICE CUTTER.

Tell me not in smiling numbers,
Selling costs are what they seem,
And the man who cuts for orders
Gets the lion's share of cream.
If you strive to build a business,
Do not be a human sieve—
Letting leak your needed profit,
Trusting luck will let you live.
Lives of dead ones all remind us
What it means to sell on guess;
Their departure makes us keener
To sell right and not sell for less.
For no trade can long be loyal
To a man who's all regrets,
Can't deliver—who's just living
On the interest of his debts.
—Selected.

If you have not purchased your ticket for the Armistice Day Foot ball game in Cameron, do so today. Cameron folks owe it to the athletic department of the school to support the game and to make it possible for the department to go through a season without financial loss. The game has been called at 2:30 p. m. Monday November 12 at Lawless Green field. Tickets are now on sale.

At last the cause of public free schools in Cameron is to have its day in the plans for a better town. The school board has asked that an election be granted to vote on the issue of \$150,000 in bonds for new buildings and needed improvements. The city council has voted unanimously to call this election and endorses the plan of the Board for better school facilities. The cause of public education has the spontaneous, instant support of all Americans for they know that the hands to steer the course of the republic tomorrow must be responsive to educated minds.

It is doubtful if in the history of our town there has come to convene in it such a vitalizing influence as the approaching Texas Conference of the Methodist denomination. The convention insures the attendance here of many of the leading preachers of the state and in addition hundreds of laymen delegates to work out of this conference a vision for a greater day in Texas Methodism. The city of Cameron has played no small part in the propagation of Christianity, its religious history dating back to the days of the republic. All Cameron welcomes the approaching convention of November 20 and zealously anticipates its religious inspiration.

On November 3 the state fire insurance department granted a new key rate in Cameron and the town has been taken from the second to the first class key rate class. This is made possible by reason of the eight inch water main construction in the mercantile area and when the full program of mains has been completed greater reduction will follow. In prospect also is the 15 per cent reduction because of a good fire record in January first. Street paving will further reduce the key rate so that it appears likely that the question of insurance rates will have been satisfactorily adjusted by the end of the year.

WEATHER REPORT.

East Texas (Cameron)—Thursday night and Friday partly cloudy to cloudy. Warmer Thursday night in northwest portion. Lowest temperatures 40 at Amarillo and highest 65 at Brownsville.

\$83,000.00 PAVING BID IS ACCEPTED BY COUNCIL

MERCHANTS WILL CLOSE HERE ON ARMISTICE DAY

COUNTRY TRADE NOTIFIED THAT CITY WILL BE CLOSED ON THAT DAY.

Notice is given by the merchants and business men of Cameron that on Monday November 12 the places of business will be closed so that the day may be observed in fitting celebration of Armistice.

People who wish to buy merchandise are requested to do their shopping on Saturday.

November 11 is Sunday but in order to give one day from the cares of business the merchants here have agreed to close their places of business on Monday November 12.

An invitation is extended to the people of the county to come to Cameron on that day and to join in the celebration of Armistice.

A program has been arranged with the High School and the American Legion co-operating and the day will be fittingly observed.

OLIPHANT CASE MAY GO TO JURY LATE THURSDAY

BRIARY FARMER BEING TRIED FOR KILLING OF O. SEGREST SEPTEMBER 24.

The case of A. Oliphant, farmer at Briary, charged with the killing of O. Segrest there on Sept. 24, was expected to be given to the jury at night fall Thursday if the argument could be concluded. The case has been in the court since Monday of this week.

Oliphant was indicted by the grand jury on a charge of killing O. Segrest near Briary on Sept. 24.

Testimony in the examining trial through Mrs. Oliphant, wife of the defendant, showed that Oliphant slew Segrest because it was testified that he believed the dead man was the father of the child born to the afflicted daughter of Oliphant.

Segrest was in the field picking cotton. Oliphant went up to him and shot him with a shotgun and then drawing a pistol shot several times. Oliphant then returned to his home and came to Cameron where he surrendered to the sheriff. The sons of Segrest were in the field at the time of the shooting.

The defendant is represented by Henderson, Kidd & Henderson and the prosecution is being conducted by District Attorney Jack Lewis, assisted by Roy Baskin, former district attorney.

WILL CALL ELECTION FOR DISPOSAL PLANT

WILL ISSUE BONDS FOR CONSTRUCTION OF PLANT DEMANDED BY STATE.

Petition will be presented at the next regular meeting of the city council, November 20, upon which an election will be ordered to vote upon the question of issuing bonds to erect the disposal plant demanded by the State of Texas.

The plans for this plant have been drawn and have been approved by the State Board of Health. The council will not issue warrants for the payment of this obligation but will ask the people to vote the necessary bonds to complete it.

The council Tuesday voted to pursue the bond route in disposing of this matter.

The State has demanded the construction of this plant and is expecting the city to complete it as early as possible.

Mrs. T. A. Howell spent Saturday and Sunday in Waco visiting her sons, Hilton and Lee. Hilton is a young attorney of the city. Lee is a student of Baylor University.

Pay Your Poll Tax

1924 is election year. Pay your poll tax and have a voice in the selection of officers to administer the government in Milam county, and the State of Texas. The last day on which poll tax may be paid is January 31, 1924. Do not wait till the last day but go now and pay your poll tax.

All officers are to be elected next year from City to President. City elections are in February, county elections in July and State elections in July, national election in November. Pay your poll tax now!

PROCLAMATION

Whereas, America is a patriotic nation and observes with ever increasing devotion the National holidays, and,

Whereas, November 11 has been designated as a National Holiday, by National and State governments to celebrate the victory of America in the cause of world liberty and democracy; to pay tribute to the thousands of patriotic Americans who gave their lives to their country in its hour of need, and,

Whereas, it has been deemed proper to observe Monday November 12, as the day on which to renew our fidelity to American ideals, and give thanks that the wounds of the bitterest struggle of all mankind are gradually healing,

Now, therefore, I, J. B. White,

Mayor of the City of Cameron, by virtue of the authority vested in me, proclaim Monday November 12, 1923, a day of patriotic celebration of Armistice, the momentous event of the greatest victory in arms in history; to proclaim the observance of this day by taking part in the exercises arranged by the American Legion and the schools, asking that all places of business be closed for that day.

In witness I have hereunto set my hand and caused the seal of the City of Cameron to be affixed this 8th day of November, A. D. 1923.

J. B. WHITE,
Mayor City of Cameron.

Attest:
R. D. BROWN,
Secretary.

NEW REGULATIONS ON THE INSPECTION OF BEEF

SANITARY OFFICER RULES ANIMALS KILLED MUST BE IN PENS 12 HOURS IN ADVANCE.

Wednesday Dr. G. E. Sutton, sanitary officer for the City of Cameron instructed that no animals be slaughtered for beef purposes for sale in the city unless such animals have been in the pens for inspection at least twelve hours before the kill.

This ruling was made because animals brought fresh to the pens and slaughtered for immediate use do not yield proper kind of meat. Regular inspection hours for the city marshal can be observed and inspection service made at a given time and meat sellers will have their meat supply at the pens twelve hours in advance of the day of which their supply is needed. All objections to inspection service will, it is thought by Dr. Sutton be removed.

It will be a violation of the ruling of Dr. Sutton for beef or pork to be slaughtered, or any other animal, unless the requirements that they be confined not less than 12 hours prior to slaughter, is fully met.

The new regulations go into effect on Monday November 12.

OLD DEED RECALLS EARLY HISTORY OF THIS CITY

The filing of an old deed issued by Governor E. M. Pease to George M. Gilland for 155,000 varas of land in Milam county recalls some of the early history of the county.

The deed is dated 1868 and is for state land located on the Yegua. The deed is a photographic copy of the original.

A conspiracy among Northern land grabbers is said to have led to widespread arson in the state and on April 9, 1874 the court house in Cameron was burned. At about the same time the court house at Richmond was burned and many other court

houses over the state. This was done in an effort to destroy records as subsequent suits will show.

When Texas entered the union she reserved all her public domain. There is now in Milam county some 160 acres near Milano and Gause that is still public land. After the destruction of records in the counties deeds were issued, direct by the governor to perfect title to property.

This week deeds were filed issued by Governor Neff to J. P. Looney for 54 acres and to J. W. Hamble 56 acres. From now on these will be known as the Looney and Hamble grants.

ROCKDALE MAN SHOT; IS IN CRITICAL CONDITION

ACCIDENTAL DISCHARGE OF GUN NEAR FATAL TO SANFORD GORE.

Sanford Gore, aged about 50 years, was seriously wounded Tuesday at Rockdale by the accidental discharge of a gun he was examining at a store.

Jeff Warren, clerking in the store, had given the gun to Mr. Gore to examine and with the view of selling it to him. The gun was discharged and the charge entered the stomach. Mr. Gore was brought to the Cameron Hospital for treatment and it was necessary to perform an operation to save his life, the bullet penetrating the liver, a part of which had to be removed.

The gun was an old gun and had been left at the store for sale.

Mr. Gore was said to be in a critical condition at the hospital as a result of the wound and although hopes are entertained for his recovery his condition is critical.

RECEPTION IS HELD FOR PASTOR BAPTIST CHURCH

REV. AND MRS. E. S. HUTCHERSON MEET CONGREGATION TUESDAY NIGHT.

Welcome to the Baptist pastor and wife, Rev. and Mrs. E. S. Hutcherson, was extended Tuesday night at the church when the members and visitors gathered for the program arranged by the women of the circles.

Mrs. H. M. Roark was in charge of the program and delivered the address.

During the evening a large number of visitors came to greet the pastor and wife. The ladies served refreshments and a general program was carried out.

Rev. and Mrs. Hutcherson are now living in the parsonage adjoining the church.

Preaching will be had at both the morning and evening hours at the church Sunday.

HIGHWAY REPORT.

Highways are again normal with few rough spots. Route to Houston and San Antonio fair to good by Thorndale or Rogers. From San Antonio to Corpus Christi by Kennedy rough to Kennedy but balance of way good.

MRS. FRED HENRY DIES AT HOME HERE WEDNESDAY

WIFE OF WELL KNOWN CITIZEN BURIED IN OAK HILL CEMETERY THURSDAY.

Mrs. Fred Henry died at the family residence Wednesday morning Nov. 7, 1923, at nine o'clock following a protracted illness of several months. She had returned from a visit to her parents near Buckholts where she had gone to spend a few weeks hoping that her health might be benefited.

Mrs. Henry had been in failing health for several months but her condition was not considered serious until Tuesday afternoon when she was brought to the home in Cameron from her parents' home at Buckholts.

From the time of her arrival Tuesday she gradually sank and at nine o'clock Wednesday morning the end came. With her were her husband and members of the family and her parents.

The body was taken by the Henne & Meyer undertaking parlors and on Wednesday night was at the home where friends gathered throughout the evening to pay their respects.

At ten o'clock Thursday morning funeral services were held in the home conducted by Rev. H. R. McFadyen, pastor of the Presbyterian

CONTRACT WILL BE LET HERE ON NOVEMBER 20

W. E. DOZIER OF AUSTIN SUCCESSFUL BIDDER IN 50,000 YARD CONTRACT.

Bids opened Tuesday morning on 50,000 square yards of Uvalde Rock Asphalt paving for the City of Cameron were considered finally at the night meeting of the council and W. E. Dozier of Austin was declared low bidder and his bid was accepted.

The bid of Mr. Dozier was slightly over \$83,000 while the bid of Smith Brothers of the Texas Rock Asphalt Company was slightly over \$93,000 making an approximate net difference of \$10,000. The contract could not be entered into at the meeting of the council on Tuesday night because of the lack of time in which to pass the necessary legislation. A preliminary ordinance was passed calling on the engineer A. F. Mitchell to prepare specifications and property estimate on which to base the issue of warrants and the assessments and to levy the tax to take care of the indebtedness. The day notice is required to be given to the property owners to comply with the constitution.

Mr. Dozier was called before the meeting and notified of his successful proposal and was told to use his discretion as to the time he would begin the work pending the next regular meeting which is on Nov. 20.

The Miller Surfacing Company laying the black now in use in Cameron placed a bid but withdrew the bid just before the council was called to order. Other propositions were submitted but neither of them were considered.

Only two bids were submitted, but the competition is said to have been as strong as if more had entered the bidding. The price obtained is \$1.24 per square yard for two inches of Uvalde Rock Asphalt laid hot. The contract includes curbing and all necessary street repair and gravel. The gravel base is to be not less than eight inches.

The contract carries with it a five year maintenance clause and the contractors will be required to maintain the paving for a period of five years without extra charge, the maintenance being included in the bid. This will require the erection of a plant in Cameron to prepare the material and to be kept here.

The city will finance the paving with warrants and will give the property owners a period of five years in which to pay for their paving if they so desire or they may pay in cash if they so desire. The deferred payments will bear interest at the rate of six per cent or possibly one half per cent higher than the city warrant.

The council plans to call an election in the near future to vote bonds to take up the warrants with a saving in interest rate of one half per cent.

The paving is to be completed in about seven months time or a little less.

church. The body was buried in Oak Hill Cemetery following the home service and a large number of people gathered to witness the sad rites.

Fred Henry and wife have been residents of Cameron for many years and are well known in the city and over the county. Mr. Henry is best known for his fraternal activities, being keeper of record and seal for the Knights of Pythias lodge in Cameron. A delegation of Knights kept watch at the home Wednesday night and attended the funeral.

WHERE THE RAINBOW
TOUCHES THE GROUND

THE family cat died. The farmer who owned the cat, in digging the grave discovered a substance which proved to be mari. This farmer had been hauling limestone a long distance for his alfalfa fields. In conference with his county agent, he discovered that mari would take the place of lime in correcting the acidity of his soil. This experience led him to the use of mari that existed on his own farm and saved him much time and considerable expense in hauling.

Similar opportunities have existed and still exist. Many farmers in the middle west will recall what a pest sweet clover used to be. Now this pest is being used profitably as hay and pasture for livestock and as a crop to be plowed under for increasing the fertility of the soil.

Kansas is called the "Sunflower State" and those who have lived there will well remember how they have fought this weed. Today sunflowers are being grown as a crop, as feed for chickens and it is also being utilized with or without corn as a suitable crop for the silo.

It is surprising to discover how many things which were frowned upon in days gone by are now serving a useful purpose. These changes have been brought about by observation and study. Brains count on the farm as elsewhere. The man who thinks while he is performing physical work is not only opening up the way for larger profits but he is removing the word drudgery from his vocabulary and is transforming what used to be a drudgery into a profitable pleasure.

—The Banker-Farmer.

BANKERS HELP THE KIDS

Northern Michigan Bankers are out to give the youngsters in their part of the country a lift on the road to better dairying. A group of bankers met with some of the agricultural men in their section and pledged their support in backing up calf club work.

Her Very Own Pig—A Boys and Girls Club Member

Virginia, Minnesota, Bankers have faith in "kids." Meeting with a committee from the Virginia Chamber of Commerce they formulated plans for the establishment of Calf Clubs and "Pure Bred Bull Associations." Banks all over St. Louis county have pledged their support to this work.

An Arkansas bank loaned a youngster \$70, in 1920. The boy bought a purebred Poland China gilt from a breeder in a neighboring state. Being the first purebred gilt brought into the county for boys and girls club work, she has furnished more stock than any other sow in the section. With the start that the bank gave the youngster he has been able to refute the claim that hog raising in his county was not profitable, for at the present time he has more than \$1000 to his credit as a result of the original bank loan and investment.

REMARKABLE SAVINGS FIGURES

Remarkable progress in the savings habit in the United States is shown in figures presented to the recent convention of the American Bankers Association by Samuel H. Beach, president of its Savings Bank Division.

In 1921, Mr. Beach showed, twenty-six million people had savings accounts aggregating \$16,618,595,000. In 1922, there was an increase of over four per cent, bringing the aggregate up to \$17,300,000,000. Similar statistics for 1912 showed that the aggregate was only about half as much as in 1922 or only \$8,433,000,000.

Mr. Beach's report on school savings banking showed that practically two million pupils are now participating in school banking systems, an increase of 34 per cent as compared with last year and 78 per cent as compared with 1921, while the total of the actual amount deposited last year was \$9,618,000, as compared with \$5,775,000 in 1921 and \$2,800,000 in 1920, an increase of nearly 340 per cent in three years.

CHAS. SPROTT PURCHASES
CONFECTIONERY INTEREST

B. F. BONDS SELLS INTEREST OF
TYSON & BONDS BUSINESS
IN CAMERON.

Chas. Sprott, secretary of the Retail Merchants Association of Cameron, has purchased one-half interest in the confectionery business of Tyson & Bonds, formerly the J. M. Tucker & Sons cold drink business.

Mr. Sprott has taken over his interest in the business and Mr. Bonds has been relieved of further duty with the business. Mr. Bonds at the time of the sale of this interest in the confectionery also sold his home in Hefley heights, a newly erected cottage and of the finest in this section.

Mr. Bonds has not announced his plans for the future and his friends trust that he will remain in Cameron.

The confectionery interest was only recently purchased by Mr. Bonds from J. M. Tucker and he has been engaged in the business only a few months.

Mr. Sprott is well known here being at this time owner of the Retail Merchants Association and the Traffic Exchange. He will in all probability sell this business and devote his entire time to the confectionery business.

COMMERCIAL CLUB WILL
CO-OPERATE IN PLANS
FOR BIG CELEBRATION.

A committee to raise funds with which to finance the program of the American Legion on November 12 for the Armistice celebration was authorized at a meeting of the club on Friday night.

T. S. Henderson, Jr., representing the Legion, asked for the committee and it was granted. The expenses will be very light this year, according to Mr. Henderson, the principal

item being the lunch for the visiting legionnaires.

The club voted two years ago to make the celebration an annual event

and to provide for celebration for the negroes, but now does not take into consideration the program for negroes.

The Armistice celebration will be held in the high school and a foot ball game in the afternoon will be the big feature of the day.

FARM LANDS FOR SALE
BY WILLIAM HENDERSON

Office in Mondrik Building, just South of Cameron State Bank.

No. 101—142 acres in tracts, 100 acres in cultivation, good improvements, abundance of well water, and overlying spring branch. Located on Pike road, 5 miles from Cameron. Price \$75.00 per acre. Terms easy.

No. 102—185 acres in tract, 150 acres in cultivation, one tenant house, fine well of water, located on Pike road; all black waxy river valley land; 110 acres free from ordinary overflow. This place is just outside the city limits and one can live on it and send their children to the best high school in this part of the State. Price \$55.00 per acre. Terms easy. This is a good bargain.

No. 103—734 acres in tract; 600 in a high state of cultivation. This is all black waxy river bottom land, except about 50 acres which is hilly and sandy. On this the improvements are located. The improvements consist of 6 ordinary tenant houses; 3 wells of water, barn, etc. This is one of the finest farms on Little River and is located 12 miles Southwest of Cameron and 1 mile north of Tracy, a good country village, and 1-2 half mile west of Tracy shallow oil field. Price \$75.00 per acre. Will consider 200 acres good prairie land well improved and well located at \$150.00 to \$200.00 per acre as part payment. This is a good opportunity for some one who wants to farm on a large

scale. Next year we can reasonably expect high price for cotton.

No. 108—62 acres high class prairie land; all in cultivation and adjoining city limits of Cameron and all of it \$25.00 per acre.

suitable for residence lots. Price

No. 119—40 acres in tract, all black waxy prairie land; nice new bungalow house just outside the city limits of Cameron. This is a beautiful place and just what you need to make your home and educate your children in Cameron where we have the best high school in this part of the State. Price of this place is \$12,000. Terms easy.

No. 118—271 acres in tract, 25 acres in cultivation; 100 in Bermuda grass, balance in timber, all under fence, 1 mile from R'y Switch, Elevation. Price \$30.00 per acre. Will trade for black land or city property.

No. 120—60 acres in tract, all black land, all in cultivation; good improvements. Good well of water. 2 miles west of Cameron. Terms easy.

No. 121—50 acres in tract, all in cultivation, all black land, very good improvements; 6 miles west from Cameron. Price \$60.00 per acre.

No. 122—199 acres in tract; 185 in cultivation; all black prairie land;

1 eight room frame house; 1 five room box house; 1 three room box house; 1 brick cistern and 1 tub cistern; 1 barn 20x60, concrete floor. Located 1-2 mile from Pike, 3 miles east of Rogers. Price for quick sale \$95.00 per acre. This is a real sure enough bargain.

No. 123—104 acres in tract, 87 acres on prairie all in cultivation and 17 acres in the bottom with 13 in cultivation. Good improvements, located on Pike road, east of Bryant Station and 4 1-2 miles from Buckholts. Price on prairie part of place is \$125.00 and on the 17 acres in the bottom \$65.00 per acre.

No. 124—235 acres in tract; 100 to 125 in cultivation; 1 good box house and good well of water; about 100 acres is river bottom land and in cultivation, and about 135 acres in upland. Price \$65.00 per acre. This is a real bargain price and will not be on the market long; better come to see me right away if you want a bargain. Terms easy.

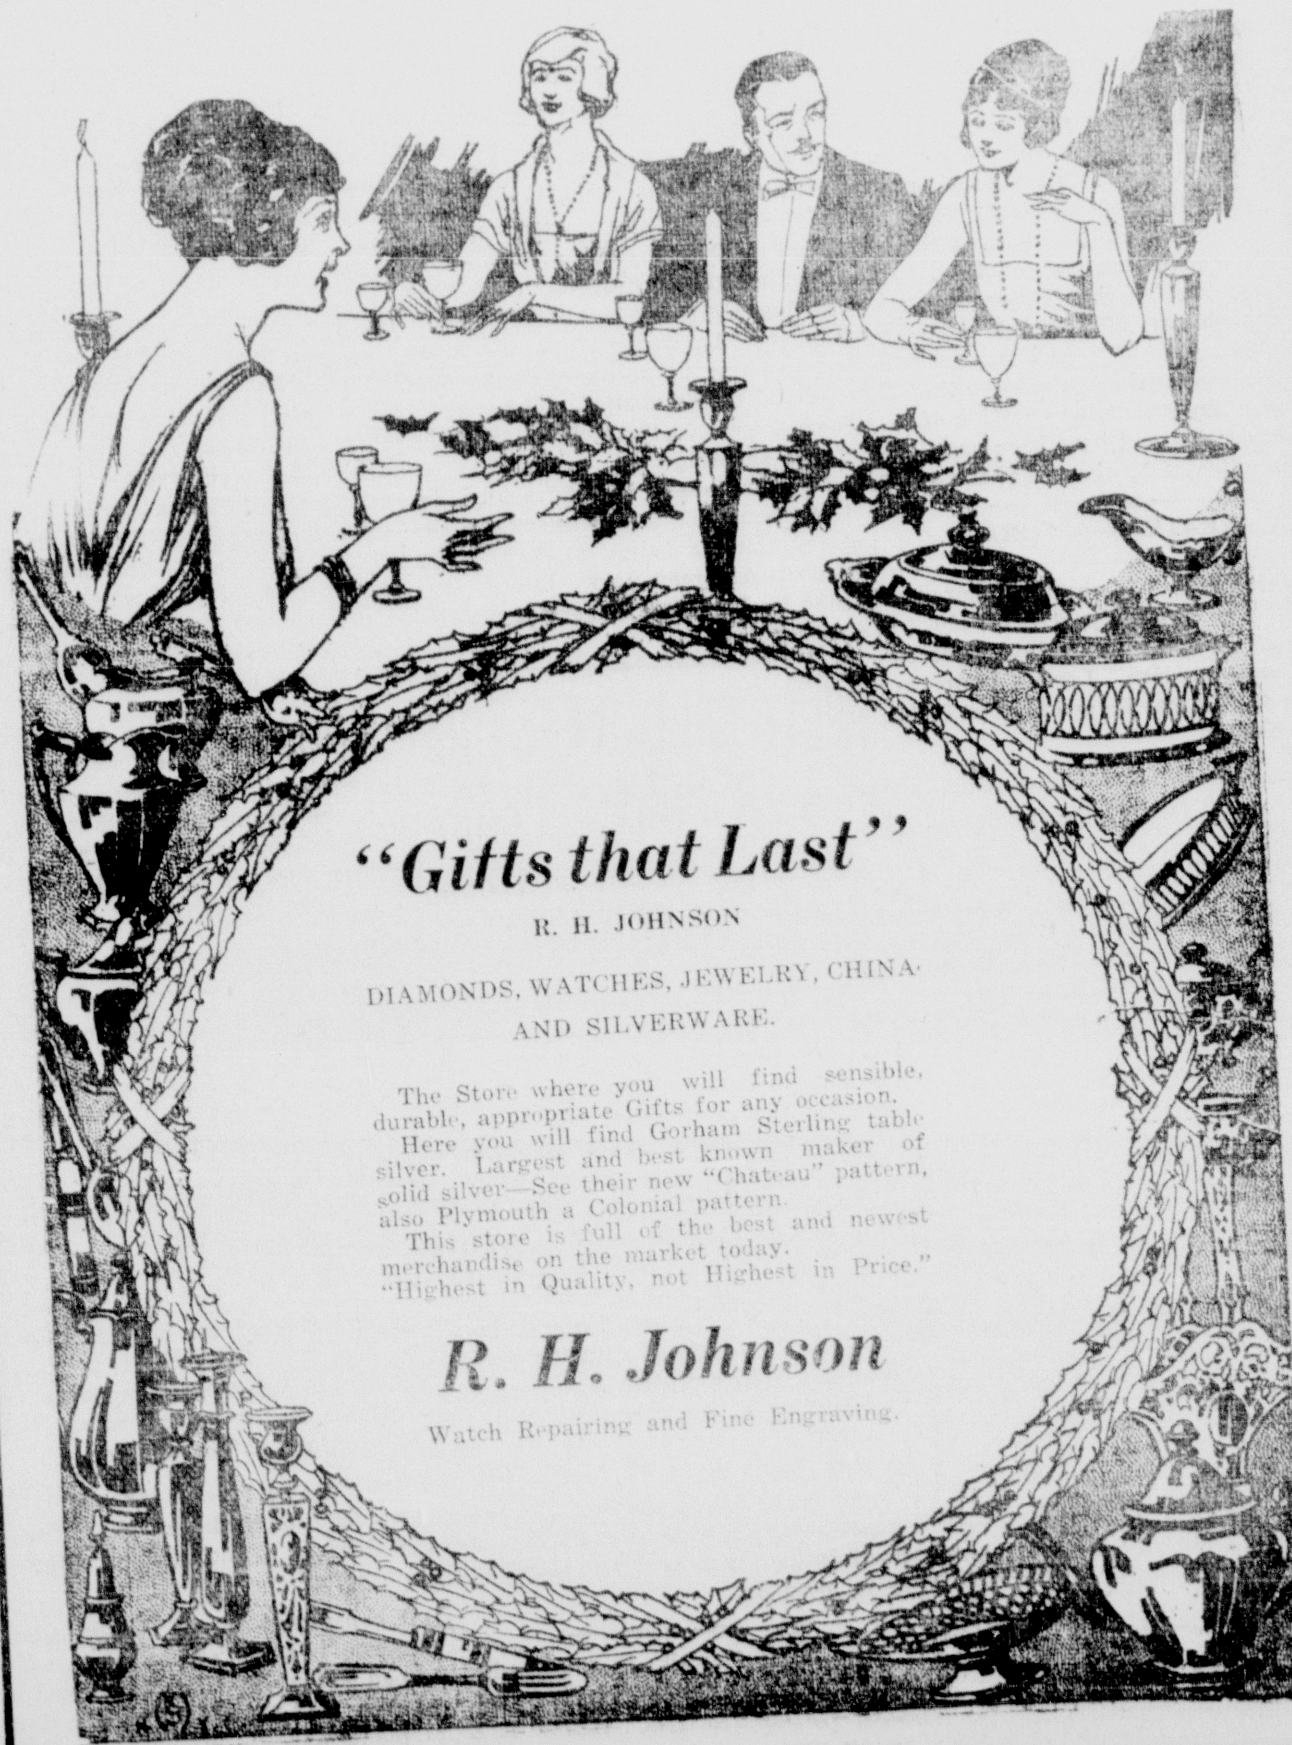

I have residences in Cameron for sale, prices ranging, from \$1000 to \$10,000.

If you are interested in buying Real Estate of any kind, I will be glad for you to come to my office and we will talk the matter over.

COUNCIL TO CALL BOND ELECTION FOR SCHOOLS

REQUEST OF BOARD THAT \$150,000 ELECTION BE CALLED IS GRANTED.

The city council will call an election on November 20 to vote upon the issuance of bonds in the sum of \$150,000 for schools in the city.

Request of the school board presented to the council was granted Tuesday night by unanimous vote of the council. The money is to be used for the construction of a new grammar school building and a new building for the negroes, and to make other necessary improvements.

The school board will present a petition signed by the required number of property tax payers and present it on November 20 to the city council.

The following communication was read to the council by Dr. A. S. Epperson, president of the board, with all members of the board present: To the Honorable Mayor and Council of the City of Cameron—Greeting

In the discharge of the duties incumbent upon our body as trustees of the Cameron City Schools we respectfully request that your honorable body take the necessary legal steps to float a bond issue in the amount \$150,000 for the purpose of erecting and equipping public free school buildings of the city of Cameron.

After many months devoted to the study of Cameron school building needs we beg to set forth the following reasons for requesting the issuance of bonds in the above amount:

1. The buildings which now house the grades below high school are wholly inadequate to take care of Cameron's steadily increasing scholastic population. Some classes are now occupying shacks that were erected to take care of the overflow and the facilities of the old building are taxed far beyond their capacity.

2. The old grammar school building, erected 32 years ago at a cost of approximately \$20,000 with an addition added about 15 years ago at a cost approximately \$15,000, has served well its day and generations.

It is now obsolete, unsafe, and unsanitary. At the time of the erection of this building little or no thought had been given to school architecture and as a result the building does not in any respect measure up to standard legal requirements for school buildings as provided by the Texas School House Building Law enacted by the 33rd Legislature. The lighting in the old building is very poor. Some rooms are so poorly lighted as to require the use of artificial lights at all times; others have an excess of light due to placing of windows on three sides of class rooms. The building is heated by common open stoves, which give uneven temperatures and make the proper ventilation of class rooms an impossibility during the winter months.

3. The old building constitutes a constant and dangerous fire hazard. The maze of narrow, winding stairways made necessary by the rambling type of architecture would very likely become death traps for children should fire ever break out while school is in session. While frequent fire drills are given, it is extremely doubtful that the building could be emptied in case of actual fire without loss of life.

4. With the advice and assistance of competent and reliable architects, the board has thoroughly considered the question of completely remodeling and adding to the old building; and it has reached the definite conclusion that such a program would be impracticable and unwise. The board does, however, contemplate the use of a part of the old building for school purposes.

5. It is generally recognized that the negro population needs and deserves better school house facilities.

6. After careful consultation with our architects we have reached the conclusion that \$150,000 is the minimum amount necessary to carry out

the necessary building program; the erection of a new building for the whites, the repair of such part of the old building as can be used for school purposes, and the erection of a school building for the negroes.

7. The C. H. Yoe High school one of the finest and best equipped school buildings in the State, stands as a useful monument to the unselfish and the broad educational vision of our honored dead. It stands also as a challenge to the citizenship of Cameron to provide for all of the children of the community the excellent educational facilities offered to those of high school age by the beneficence of Mrs. Yoe.

8. We believe, furthermore, that the present is the logical time to ask the tax payers to vote such a bond issue. With the municipal tax rate at 75c, a rate far below the average for towns in Cameron's class; with practically no bonded indebtedness outstanding against the city; with a fair degree of financial prosperity prevailing, it seems to our body that this important issue should not be longer postponed. We therefore urgently request that your honorable body arrange for the holding of an election for the purpose of determining whether or not bonds shall be issued in the amount named herein. We believe that this matter should be submitted to the voters at the earliest possible date—not later than December 15, 1923.

Authorized by the Cameron School Board Nov. 5, 1923.

Respectfully submitted,

A. S. EPPERSON.

B. P. ATKINSON.

Chevrolet Dealers

Cameron

Texas

Chevrolet enables the city housewife to buy vegetables, eggs, poultry and small fruits, direct from the farmer's wife, fresh and cheap.

Each woman benefits by the exchange as the low prices paid by the city woman are much higher than the farmer can get on wholesale shipments.

In like manner, Chevrolet enables the farmer's wife to buy dry goods, groceries and household appliances not available in country stores.

In time and money saved and health and happiness gained a Chevrolet more than pays for itself, therefore every family, in city or country can afford to own one and should have it.

DISCUSSION OF TAXES.

Republicans in charge of the practical side of their party's affairs are in dread of what they foresee is to be an unavoidable discussion of taxes in the next Congress. They want the question ignored altogether, if possible, on the pragmatic theory that they have trouble enough to face without that.

In this category of painful problems area the World Court, with all its implications of the Harding-Coolidge administration's failure to propose any feasible plan for the reconstruction of Europe in the interest of international peace and American foreign trade. Influential Republican newspapers, whose partisan ship is not open to question, have been demanding of President Coolidge some statement of his intentions respecting the Court.

Thus far—apparently on the advice of the "practicals" among the members of the Republican National Committee and their supporters—the President has given the whole issue the "silent treatment." If he presses the Senate to adhere to the protocol which calls for American Court, he will offend the "irreconcilables" and furnish Sen. Hiram Johnson with a new excuse for entering the list as a contender for the Republican nomination in 1924. Failing to advocate the Court, Mr. Coolidge will weaken his cause among a large number of Republican individuals and newspapers that have been working for his nomination.

But even more ticklish than the problem of evading a commitment on the World Court, if that is possible, is the question of taxation. Any recommendation that Congress considers an abatement of present rates or the abolition of present levies will involve the tariff, and that is what the Republican managers wish to dodge. They know that the tariff is a bigger burden than income and profit taxes combined and that it affects more people. The Western Republicans are ready to urge a reduction of rats in schedules covering manufactures while retaining the duties on agricultural products. Secretary of the Treasury Mellon is to champion a decrease in the higher surtaxes, according to statements credited to him by Republican newspapers. He seems to have no keen interest in proposals to lower other taxes.

The Democrats, it is forecast, will confront the Republican Congress with a definite, concrete and practical program of tax reduction. There will be a demand for a cut in those tariffs which more than a year's experience has shown to be extortionate and detrimental, and which are accountable in large measure for the high cost of living and the disparity between what the farmer gets for what he sells and what he pays for what he buys.

There is abundant evidence that the agricultural producers all over the country realize how they have been deceived and defrauded by the Fordney-McCumber profiteers' tariff and even the staunch Republicans among them are crying for a withdrawal or a decrease in the "protection" that has been given to trusts and combines—some of which have convicted of price-fixing and other restraints of trade since the Republican Congress helped them to stifle competition and create monopolies.

It is the vision of these difficulties on the eve of the presidential campaign that is worrying those Republicans who will have to conduct the fight for their party's candidates. They must favor the special interests in order to get a slush fund or anger the victims of their tariff. It is a dismal prospect.

PASSING OF STEINMETZ.

The world of science mourns the death of Charles Proteus Steinmetz, the electrical wizard, whose labors in science, engineering, politics, education, and the art of living have so enlightened the world.

Of his material conquests it is hardly necessary to speak; of his far vision, his prophecies which came true, his uncanny ability to find the solution of difficult problems, every one knows. These, his works, will

live after him, but long after they shall have been superseded by bigger and better inventions, newer discoveries, abler methods, his life will stand as an example of what America means to the foreigner who comes to her shores poor and friendless, yet with the wit to grasp the opportunity the United States holds out to all who may wish to take it.

Dr. Steinmetz, although an educated man, did not speak English when he landed from Breslau, Germany, in New York in 1889. His first "job" was as a draftsman at a bare living pittance. But he did his job so well, and learned English so fast, that it was but a short time before his genius was recognized, and he had won a place for himself with the General Electric Company, which was later to do him honor by building for him the greatest electrical investigation laboratory in the world and giving him anything he wanted, either for it or for himself.

Dr. Steinmetz wanted little for himself. A man of simple tastes, he asked only for a living, but spent a fortune in apparatus and facilities for research. He got them, and well did he repay the expenditure. And yet, busy as he was, he was never too busy to be a good citizen, never too busy to head the many great scientific societies of which he has been president, and never too busy to teach.

He would have been an able man anywhere, but it was through American opportunity he became truly great.

UNITED DOCTORS SPECIALIST

Brings the knowledge of a Great Medical Organization and Their Experience in the Successful Treatment of

THOUSANDS OF CHRONIC DISEASE CASES

Offers Service Free of Charge

Licensed by the State of Texas.

The United Doctors is an organization of reputable, licensed, physicians for the treatment of certain diseases.

They are all specialists. The United Doctors treat, without Surgical Operations or hypodermic injections, diseases of the blood, skin, and all internal organs, rheumatism, sciatica, tapeworm, leg ulcers, weak lungs and all long standing, deep seated diseases.

Thirty-five years' experience and the complete records of thousands of cases successfully treated prove that the methods of the United Doctors are right. They were among the first to be called "Bloodless Surgeons."

Each member of the United Doctors staff has at his command the knowledge and resources of the whole organization.

Many people go on suffering from diseases that can be alleviated just because they cannot afford to go to high priced specialists at a distance from home.

No community has a sufficient number of sufferers from the diseases mentioned to support special hospitals for their treatment and cure.

The United Doctors have solved the problem. Their highly trained specialists travel from place to place. They diagnose and prescribe a course of treatment for the sufferers in each community and teach them how to take care of themselves at home.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians. If your case is incurable they will tell you so. Consult him upon this visit. It costs nothing.

Married ladies must come with their parents
Laboratories, Wilwaukee, Wisconsin.

\$63,385 Realty Transfers For Week In The County

Real estate transfers showing a heavy traffic in farm lands in the county amounted to \$63,395 according to the deed records in the office of the county clerk.

This is the most active week in recent months and is generally conceded to result from the high price cotton, enhancing the value of the farm lands.

The heaviest buyer of the county is Frank Mondrik who has purchased several tracts of the late Mrs. Lizzie B. Wilson heirs and has paid \$17,400 for the four tracts at \$4,350 each.

The following transfers are recorded:

\$650—M. E. Roberson to Frank Menec 10 acres out of the James Reed league.

\$3000—E. G. Simms to Lottie Wallace improved lots in the city of Rockdale.

\$2750—Mrs. Lottie Wallace to Elizabeth Simms lots in the Thompson grant in Rockdale.

\$1500—Z. T. Sisson to W. S. Lamkin lots in the city of Cameron.

\$6000—May T. Wanke to W. J. Wanke 300 acres of land.

\$4350—Wm. Ledbetter to Frank Mondrik 58 acres out of the Lizzie Wilson estate.

\$4350—Jack Ledbetter to Frank Mondrik 58 acres out of the Lizzie Wilson estate.

\$4350—Homer D. McLane to F. C. Mondrik 58 acres out of the Lizzie Wilson estate.

\$4350—Nealie White to Frank C. Mondrik 58 acres out of the Lizzie Wilson estate.

\$10—and other valuable considerations—J. L. Adams to E. L. Laurence 30 acres out of the Elizabeth Bailey survey.

\$1500—S. B. Wilson to L. M. Westbrook 88 acres from Lyman Bounds survey.

\$1150—James C. Lee to Henry Lee 30 acres Henry Hafford survey.

\$1649—Henry O. Lee to H. E. Graham 30 acres, Henry Hafford survey.

\$4500—Geo. T. Graves to M. V. Tyson home in the city of Cameron.

\$3725—Elmar Horstmann to J. H. Oliver 37 acres from Boree league.

\$5000—Allan W. Woody to Gerald Gibson 3 lots in Buckholts.

\$500—Gerald Johnson to John R. Skinner lots in Buckholts.

\$7000—John E. Stewart to R. A. Risser 254 acres W. J. Young survey.

\$350—Samuel Johnson to Wm. R. Rogers lots in Cameron.

\$110—C. P. McGregor to Myrtle McLane interest in eight acres in Monore grant in City of Cameron.

\$1500—B. A. Guess to A. R. O'Neil lots in the Freeman addition to Cameron.

\$250—Homer C. McLane to Harry S. McLane one third acre in Cameron.

\$1000—Miss Susan Pope to Raymond Etheridge 50 acres in Lewis Kleberg survey.

\$3900—Urban Barron to Joe Kostih 50 acres Jose De Pena grant.

\$250—M. G. Cox to Joe Matula, one acre in W. W. Lewis league.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody Will Know

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

Well-known druggists say it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

SENSIBLE ECONOMY

It's wiser to pay \$50 for a suit that will serve a year, or even longer, than to give \$25 for a garment that will last only a few months.

Kuppenheimer Suits

\$45.00 to \$55.00

Mrs. H. C. Keith spent Sunday in Galveston with her daughter, Mrs. Frayard.

Misses Lorena Ruby and Ruby Cayton spent Sunday with relatives in Temple.

Roosevelt said of him: "I would rather be on the platform with Tom Skeyhill than any man I know."

The Literary Digest said: "He is the sort of man worth reading about."

The New York Globe said: "Skeyhill is the most inspiring speaker that has ever appeared at the Metropolitan Opera House."

So much for Tom Skeyhill of war days—a young Australian soldier who went through war's Hell at Dardenelles, and came out stone blind. For two years he lived in unfathomable darkness a thousand times worse than the darkness of night—and suddenly he recovered his sight through the skill of a Washington Specialist. But, mark you, during these two years Skeyhill refused to quit—and "carried on" in war service work on the platform, and became a famous speaker.

Mr. Skeyhill will be at the Yoe High School November 15. Tickets on sale at Palace of Sweets, Pace-Marshall Drug Company, Tyson and Sprott, and New Cameron Drug Co.

I have Snider's chili sauce.
Giles L. Avriett.

WHY INDUSTRY IS MISUNDERSTOOD

Geo. E. Roberts Tells How Co-operative Character of Corporations is Obscured.

RADICAL AGITATION RESULTS

Maintenance of Present Industrial System Necessary to Maintain Present Standards of Comfort for All the People. He Says.

The modern industrial system is at bottom a co-operative organization, but this fact is obscured by the complexity of huge enterprises, George E. Roberts, noted authority on business and finance, declared in a recent speech before the American Bankers Association Convention at Atlantic City, N. J. "The primitive man knew that the harder he worked the more he would have," Mr. Roberts said. "When a man exchanged work with a neighbor he had the whole transaction under his eyes. But when a man works with thousands of others for a great corporation he doesn't see any definite relationship between what he does and what he gets. He doesn't know whether he is getting a fair share of the industrial results or not, and he suspects not."

"The modern industrial system is essentially co-operative, but you cannot have effective co-operation without understanding. Because people do not see the industrial organization as a whole we have the tendency for society to break up into groups and blocs and unions and organizations of one kind and another, many of whom are trying to advance their own interests at the expense of society as a whole. The population of this country today could not be supported in the state of comfort to which it is accustomed without the modern, specialized organization."

Bolshevism in Russia

"The extremity of social disorganization has been seen in Russia, where has been enacted the greatest tragedy in the history of the world. What happened there will happen everywhere unless there is a development of the capacity of people to work together and understand each other."

"In its final form the revolution in Russia was against what is called the capitalistic system, or the private ownership of property and direction of industry. The results of the revolution are so calamitous in Russia as to give a check to revolutionary tendencies in other countries. Yet the economic principles of Bolshevism are influencing public opinion more or less everywhere."

"The motive behind all this agitation is the desire to establish equality. The social struggles of the past have been for political equality. Now the demand is for equality in possessions, equality in incomes, equality in the management of industrial affairs. There is no argument against the aspirations of men for better social conditions, but radical ideas result from certain economic fallacies. One relates to the employment and service of private capital. Men read about vast sums of wealth belonging to individuals, and think of these sums as devoted exclusively to the owners. In fact wealth employed in production for the public market is rendering service to the entire community, no matter who owns it."

"The whole radical argument is like claiming that nobody ever got any benefit from the development of the steam engine but the owners of steam engines. Of course, the theory only needs to be stated for the fallacy to be apparent. The man who works for wages is benefited by every investment of capital which increases and cheapens the supply of the things for which his wages are spent."

The Service of Capital

"It is a fundamental truth that all productive property, although privately owned, is part of the equipment of society, by which its wants are supplied. "The progress of the past has been accomplished under the individualistic system. The theory of this system is that every one shall have for his own, as nearly as may be, that which results from his own efforts. It is a system calculated to stimulate the initiative, call out the energies and develop the ability of each individual. He is free as to his undertakings; there are no restrictions except that he must seek his own gains by activities that are serviceable to the community as a whole, and he is inspired to labor, not simply by the desire for personal advantage, but by the desire to provide for loved ones, by the impulse to self-expression, to realize and develop his natural abilities, and by the ambition to achieve, to win distinction and to render service."

"It does not promise equality. Unless there is equality in production, in service, in effort, in resolution and in self-denial, why should there be equality in the division of results?"

"The justification of individualism, however, is not merely in what it allows to the superior individual, but in the results that inure to all. It is in the interest of all to secure the most effective organization, the most effective management and the largest possible production. These cannot be had by adopting the fiction that all have equal ability for any position, or by any other system than that which judges men by their individual qualifications."

METHODIST HERE PRAISE WORK REV. IRA F. KEY

PASTOR AND PRESIDING ELDER LAUDED IN RESOLUTIONS PASSED.

The work of Rev. Ira F. Key, pastor of the First Methodist church in Cameron, is praised in resolutions adopted by the board of stewards recently held. The following resolutions were passed by the stewards:

WHEREAS, the end of a quadrennium in our church life approaches and, under the normal procedure of our church government, the pastorate of our friend and co-worker, Reverend Ira F. Key, may be by the authorities in charge, terminated with the ending of this period; and,

WHEREAS, it is the sentiment of the Board of Stewards of the Cameron Methodist Episcopal church, South, collectively and as individuals, that we should make known to Brother Key our appreciation of his life and service among us, both as a man and in his official capacity; our confidence of his advancement in a growing service for the Saviour of men, wherever the call may lead; and our most cordial good wishes and earnest prayers for the future welfare of himself and his loved ones: THEREFORE, BE IT RESOLVED, by the Board of Stewards of the Cameron Methodist Episcopal church, South, unanimously, that we, speaking personally for each of ourselves and officially for our church, feel greatly indebted to Brother Ira F. Key for his efficient and uplifting ministry in Cameron, and deeply grateful for the era of advancement and unification of our church affairs under his leadership. We have passed through trying times, temporally and spiritually; he has always been energetic, unyielding, and faithful; he has never spared himself and has unselfishly, in and out of season, for our own church and for the uplifting of our people and our community in every worthy cause, prayed, labored, and wrought. His devotion has been inspiring, his ministry a benediction to our church. We would also remember in our appreciation his good family and especially regis-

ter our gratitude for the splendid art and work of Mrs. Key, whose loyalty and whose sacrifice have been of untold value to church and community. The good wishes and prayers of the Cameron church go with Brother Key in the future, and whether his lot be with us or in some other field, we commend him in entire confidence, knowing that his ability, his fidelity, his consecration, his life, will prove a blessing.

FURTHER RESOLVED, That a copy of these resolutions, carrying the signature of each steward, be, by the Secretary of the Board, presented

to Brother Key, that a copy be spread upon the minutes of the Board of Stewards, and that a copy be furnished the Fourth Quarterly Conference of the Church.

Passed at a meeting of the Board of Stewards on October 20, 1923.

T. F. Hardy, chairman; Jeff T. Kemp, A. S. Epperson, W. O. Triggs, Walter F. Sharpe, W. H. Triggs, J. C. Tucker, A. J. Triggs, R. S. Boykin, C. N. Green, W. M. Cobb, Sam Graham, A. C. Freeman, R. A. Tag, R. H. McIntosh, A. M. Lankford, J. B. Lindsey, F. R. Dunlap, B. F.

Bonds, Leland Green, Bill Alex Bonds, R. B. Rylander, P. O. Adams.

WHEREAS, Rev. C. T. Tally has served us most efficiently as Presiding Elder for this, the Marlin District, for the past four years, and,

WHEREAS, Cameron during our church building and financing campaign has been particularly fortunate in having his advice, council and ever willing assistance,

THEREFORE, BE IT RESOLVED That we the Stewards of the Cameron Methodist church, desire to personally thank Dr. Tally and to as-

sure him of our appreciation of his invaluable assistance and to express the hope that wherever his lot may be cast, that God will prosper his work as it has prospered in the Marlin District the past four years.

TOM SKEYHILL, NOTED LYCEUM STAR IS COMING

SOLDIER AND WORLD PLAT-
FORM FIGURE HERE ON
NOVEMBER 13.

Tom Skeyhill, international plat-
form figure and Lyceum star will be
in Cameron on November 13 for the
second number of the Lyceum course
booked by the Missionary society of
the Methodist church.

Tickets have been placed on sale
at the Palace of Sweets, Tyson &
Sprott, Pace-Marshall Drug Company
and New Cameron Drug Company.

Regarding the artist the following
testimonials have been received:

"I have had the pleasure of hearing
Captain Skeyhill several times and I
think we are very fortunate in secur-
ing him on our lyceum program. He
always has a message for his hearers
and is able to deliver it in a very
entertaining way."

L. Van Perkins.

"I have had the pleasure of hearing
Tom Skeyhill speak five or six times
and it is well worth anyone's time and
money."

Miss Frank Duke Hightower.

"In my estimation the presenta-
tion of Mr. Tom Skeyhill by the Cam-
eron Lyceum Bureau at the C. H.
Yoe High School on next Tuesday
evening, Nov. 13, will prove to be one
of the most valuable attractions ever
offered the citizenship of Cameron
and Milam county. Mr. Skeyhill is
an dMlam leading platform orators
of the world today. This attraction
will be of especial value to High
School students as well as to the gen-
eral public."

T. A. Fisher.

Superintendent Cameron Schools.

HALLOWEEN DANCE.

Miss Gladys Posey entertained a
few of her friends Wednesday eve-
ning with a beautifully arranged
Halloween dance. The guests were
in costume which created much mer-
riment.

Mrs. C. C. Agee, in a Chinese
character costume, won ladies prize.
Monroe Smith as a Highland Laddie
won the gentlemen's prize. A very
interesting feature of the evening
was the dance in the Witches' Ring.
Miss Jennie Brown and Conn Moody
won the prize for dancing the long-
est in the ring.

The assistant hostesses, Mesdames
Posey and Joiner, served delicious
cream and cake in Halloween colors.

The Personnel included Misses Ola
Stark, Jennie Brown, Lola Mae
Roberts, Gladys Leach, Juanita Cald-
well, Maurine Lovick, Kathleen Agee,
Doris Agee, Gladys Posey, Messrs.
Alvah Howell, Conn Moody, Fred
Brown, Terry Wiley, Billy Clark,
Clarence Posey, Herman Willis,
Monroe Smith, Quintus Mundine,
Bonds Laird, Jake Posey, Mr. and
Mrs. Preston Laird, Mr. and Mrs.
W. C. Agee, Mrs. C. C. Agee, Mrs.
Louis Gohmert, Mr. C. C. Posey,
Mr. and Mrs. Joiner and Ben Irving.

PLANS ARE COMPLETED FOR ARMISTICE PROGRM

COMMANDER OF LEGION POST
ANNOUNCE CELEBRATION
FOR NOVEMBER 12.

Commander A. F. Mitchell of Ed-
win Hardy Post, Cameron, Ameri-
can Legion, has issued the following
statement regarding plans for the
celebration of Armistice Day:

"The proposed Armistice Day ce-
lebration in Cameron on November 12
was indorsed by the Commercial Club
at its meeting last Friday night, and
the finance committee of the club
was instructed to raise funds to aid
in making the celebration a success.

"The program for the day has been
arranged by A. F. Mitchell of the
American Legion and Superintendent
T. A. Fisher of Yoe High school.
"The program as given out is as
follows:

"At 9:15 in the morning the Ameri-
can Legion members and ex-service
men will gather at the Legion Hall
and go in a body to the Yoe High
Auditorium, where patriotic services
will begin at 9:30. Following the
services there, the former service
men will go to the old Henne & Meyer
building for a free dinner.

"The chief attraction for the after-
noon will be a foot ball game be-
tween Yoe High School and Rockdale
High School, to be played on the Law-
less Green Memorial Athletic Park.
After the foot ball game there will
be a get-together meeting in the
Legion Hall for all ex-service men.

"At eight o'clock a big Armistice
Day Dance will begin in the Henne
& Meyer building. The dance will
conclude the day's program."

THE TEXAS BOTTLING AND ICE CREAM COMPANY.

W. F. Henrichsen, manager is
planning extensive improvements in
their plant located in eastern part
of the business district of Cameron.
A first class modern Ice Cream
Plant with machinery for making ice
is the program outlined by Mr. Hen-
richsen.

Work on the new improvements
will begin soon after the first of the
new year.

PUBLICITY FOR CAMERON IN CHURCH PUBLICATION

TEXAS CHRISTIAN ADVOCATE
WILL CARRY FEATURE AR-
TICLE.

Resulting from the convention of
the Texas Methodist Conference in
Cameron on Nov. 20 the Texas
Advocate, official organ of the Me-
thodist church in this state, will
carry a full and attractive story of
the town.

The representative Mr. Wilson, is
now in Cameron and gathering data
for the story. Cuts of public build-
ings, men and the town will be car-
ried in the edition and it is thought
this edition will be distributed here
during the conference.

Rev. Ira F. Key, pastor of the
church, has appointed a publicity
committee to assist the representative
of the paper in securing the infor-
mation desired by him. This com-
mittee composed T. F. Hardy, W. M.
Cobb, Paul Webb, Jeff T. Kemp, J.
B. White, Miss Delphia Scott, Mrs.
R. H. McIntosh and Mrs. Jeff T.
Kemp.

The edition of this paper will be
one of the big features of the con-
vention.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXA-
TIVE BROMO QUININE (Tablets) can be taken
by anyone without causing nervousness or ringing
in the head. E. W. GROVE'S signature on box. 30c

DOES NOT OPERATE

Will be at

AUDITORIUM HOTEL

FRIDAY, NOVEMBER 16, 1923.

Office hours: 10 a. m. to 4 p. m.

ONE DAY ONLY

NO CHARGE FOR CONSULTATION

Dr. Mellenthin is a regular gradu-
ate in medicine and surgery and is
licensed by the state of Texas.

He visits professionally the more
important towns and cities and offers
to all who call on this trip free con-
sultation, except the expense of
treatment when desired.

According to his method of treat-
ment he does not operate for chronic
appendicitis, gall stones, ulcers of
stomach, tonsils or adenoids.

He has to his credit wonderful re-
sults in diseases of the stomach, liver,
bowels, blood, skin, nerves, heart,
kidney, bladder, bed wetting, catarrh,
weak lungs, rheumatism, sciatics, leg
ulcers and rectal ailments.

If you have been ailing for any
length of time and do not get any
better, do not fail to call, as improper
measures rather than disease are very
often the cause of your long standing
trouble.

Remember above date, that con-
sultation on this trip will be free and
that his treatment is different.

Married women must be accom-
panied by their husbands.

Address: 211 Bradbury Bldg., Los
Angeles, California.

EVANS' Corner

This corner is devoted to business, politics and general news.

The long winter months will soon be upon us.
You will want to enjoy the long hours by reading
or doing fancy work. If your eyes are not com-
fortable the work will be irksome. Good lenses
cost a little more than the "fake" ones, but your
increased efficiency will be worth the difference.

A Tract of Land Without an Abstract Is Like A Cow Without a Brand--

ANYBODY CAN CLAIM IT.

It is by far more important to you to know
that the land upon which you live or which you
claim, is yours than to know that it will produce
cotton or corn.

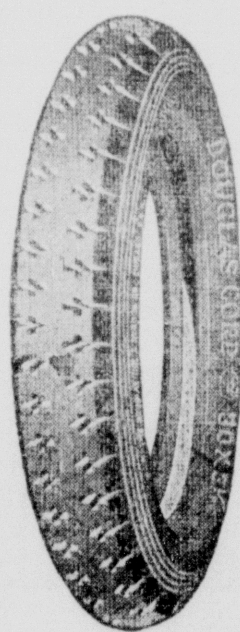

Seventy-five per cent of the land titles in this,
as well as other counties are full of hidden de-
fects, and the only way to find those hidden de-
fects is through reliable abstracts—such as
those made in Cameron by the Laurence Ab-
stract Company.

A Laurence abstract is prepared by those
who not only know every phase of abstracting,
but also stand behind all their work. IT IS
THE RECORD OF WHAT YOUR COUNTY
SAYS—NOT WHAT WE SAY. Every materi-
al part of the instrument is copied verbatim.

Make sure NOW, that the land which you
claim, is your own, to have and to hold. Come
to us for your abstract. We can save you
money.

WOULD MAKE FARMER LOAN DEPEND ON PRACTICE OF CROP DIVERSITY

Farmers and Bankers Are Economic Team Mates, but Obligation Rests on Farmer to Protect Soil and Balance Crops, Says D. H. Otis.

By D. H. OTIS

Director, Agricultural Commission, American Bankers Association.

THE banker may properly be considered the team mate of the farmer, and as such must work in perfect harmony. Economic conditions demand it. The work is too heavy. It requires a team. The interdependence of the farmer and banker is so close that self-preservation demands that they pull together. If agriculture falls we all fall. There are no two industries that offer greater opportunities for mutual helpfulness, for increasing profits and bank deposits than do banking and farming.

The Banker-Farmer movement presents a program that reaches down through the surface to the very roots of the problem. It recognizes the truth that bank prosperity depends not upon the prosperity of a few but upon the prosperity of all and especially of the average man and the average woman. In the last analysis we must recognize a community of interest, "each for all and all for each."

Periods of low farmer purchasing power are invariably followed by a decided increase in the number of business failures. When the income per acre is increased from one to two dollars there is a direct effect in decreasing the number of business failures and, vice versa, with a decrease of one to two dollars in the income per acre, business failures mount steadily upward.

City Bankers and Country Conditions

Bankers, if anybody, are affected more quickly and more directly than other business men. A period of agricultural depression is immediately noticeable in the balances that the country bank carries with its city correspondent. City banks are beginning to recognize this. Many of them are taking an active interest in the Banker-Farmer movement.

There are some fundamentals in farming with which all business men should be familiar. A bank would not long succeed if it should continue to use its capital stock for running expenses. Neither will the farm. Farmers have been living not upon the interest from their investments but upon their principal. Almost every effort by American farmers has resulted in decreasing the fertility of the soil. The banker who drives into the country and observes this process of mining the fertility from the land should feel that to that extent the resources of his bank are being sapped.

Yet some of our bankers are continuing to loan money to the one-crop farmer. When such a farmer comes around for a loan the banker should make the loan on the condition that he keep at least one cow, one sow and a couple of dozen hens, at least enough livestock to feed his own family. Agriculture is sick, production is unbalanced. Farmers are paying freight and other overhead charges on

food products they ought to be raising at home.

Less Time for Agitators

More diversified farming may mean less automobile riding; it ought to. Our economic problems cannot be solved unless we are willing to work. The one-crop farmer is not performing his share of work. He needs profitable employment throughout the year. Loading on the farm ought to be made unpopular. Business men work throughout the year. Why shouldn't the farmer? If he did, there would be less time to listen to the agitator. The latter only increases discontent. Makes men less capable and prolongs the time of recovery. The farmer must work his way out and not look in vain for the Government to legislate high prices.

But if we get our farmers to work full time will we not have over-production? This over-production cry blinds us to the real issue. There may be times when certain crops, because of climatic or economic conditions, are unprofitable and yet there are other crops that are profitable in a well worked out system of diversification. In the livestock sections we seldom hear of an over-production of alfalfa or clover. In all sections of the country we are importing either food or feed that we ought to be raising at home. Our cropping systems need to be readjusted to meet present needs. We need to do just a little more constructive thinking.

CLASSIFIED ADVERTISEMENTS

FARM FOR SALE—82 acres, one hundred yards from North Elm school house. Good new land. See Mrs. Antone Wokaty, Cameron R. F. D. 3. 24 ttp.

CITY MAY PROVIDE PLACE FOR TRADERS HERE FIRST MONDAY.

Because of the congestion of streets and the unfairness to places of business fronting on the street where traders congregate on First Monday, the city has undertaken a plan to eliminate this situation by providing a suitable place for the congregation of traders.

It is not yet definitely decided what will be done with this matter other than the desire to relieve the situation. It is thought that a place will be found before the next first Monday where the traders may gather.

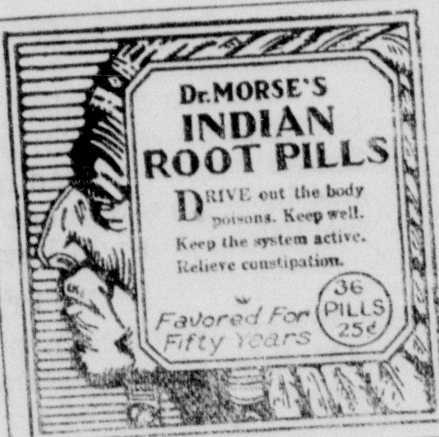

WARNING TO DOG OWNERS.

This is positively the last week that dogs will be permitted to run at large in the City of Cameron without having been vaccinated against rabies, declares Dr. G. E. Sutton, sanitary officer for the city who has been charged with the responsibility of enforcing the anti-rabies ordinance.

Unless all dogs are taken up at once and presented for vaccination they will be taken up and disposed of by the sanitary officer. Numerous notices have been given and dog owners must now either have their dogs vaccinated or lose them. Dr. Sutton says the law will be enforced to the letter.

WOULD IMPROVE PARK SITES OF THE CITY

COMMERCIAL CLUB COMMITTEE WILL CO-OPERATE WITH CITY IN PLANNING WORK

The Commercial Club will co-operate with the city and the civic league in planning better park improvement for the city of Cameron.

Friday night the matter was discussed and was referred to the committee of which T. S. Henderson, Jr., is chairman. The service of a landscape artist will be secured in all probability and at the time of the improvement of the Yoe High school campus, the artist may be given the job of helping in the park improvement.

The ladies of the civic league will be asked to help out in this matter of planning improvements for the addition to the park recently purchased planting trees and beautifying its parks. The city wants to improve the in every way possible and believes the best method will be to employ a landscape artist and will ask that the citizens co-operate in every way possible.

FORD MOTOR COMPANY
DETROIT, MICHIGAN.

Detroit, Mich., Oct. 5.—All major decisions covering the construction of the Ford Motor Company's plant to be erected along the Mississippi river between Minneapolis and St. Paul have been made and details just announced here give the first information regarding the magnitude of the new Ford project.

Hydro-electric plant, steam and manufacturing and assembly plant constitute the three important buildings with interest centering chiefly about the hydro-electric development since it represents the company's most extensive undertaking of this kind.

The dam where the power will be developed is 574 feet long and was completed by the government in 1917. When the Ford engineers started work it was discovered that modification of the power house substructure built by the government was necessary in order to take advantage of improvements since made in water wheel design. More than 6,000 cubic feet of concrete work was torn out and the changes are now nearly completed. They will permit installation of modern turbines and besides improving flow conditions will effect the highest efficiency.

The power house will be 160 feet long by 74 feet wide and 48 feet above the foundation. Four water wheels of 4,500 horse-power will be installed, which, in conjunction with four vertical generators, will under normal conditions produce approximately 18,000 horse power.

Within a short distance of the hydro-electric plant, and on the river bank, it also is planned to erect a steam power houses to supplement the water power in case of emergency.

The immense manufacturing and assembly plant will be erected on an imposing site on the bluff 100 feet above the water level. It will front on the Mississippi River Boulevard and will be faced with stone on three sides and so designed as to present a most attractive appearance.

The building will be one story high 1,720 feet long and 600 feet wide and will have more than 1,000,000 square feet or 23 acres of floor space.

Railroad tracks will, of course, enter the building, but a transportation feature will be two tunnels leading underneath the factory from a river dock to elevators which will carry

freight directly into the building. This anticipates a new era of river transportation on the Mississippi.

Special attention will be given to landscaping and general improvement of the grounds in the company's 187-acre tract so that all will blend harmoniously with the surrounding parkway development.

KEY RATE REDUCTION EFFECTIVE NOVEMBER 3

MATERIAL SAVINGS ON NEW POLICIES WRITTEN SINCE THAT DATE.

The new key rate book for Cameron has been issued and is now in the hands of the local insurance agents. The new rate is due to the improvements completed in the mercantile area by the Cameron Water, Power & Light Company under the new contract negotiated by the city government.

While the reductions will be very material on the rate now in effect, the reductions are to new policies only. All insurance policies in effect prior to November 3 will not get the benefit of the new rate but upon their renewal they will get the benefit of the new rates.

The water main program is not completed but when it is completed the key rate will be further reduced, due to the fact that six inch mains are to be laid in sections of the residence part of town that do not contribute to the reduction already announced.

The present reduction will save the insurance payers in Cameron approximately \$3000 per year. The savings will be about or \$6000 or more when the entire program is completed.

Street paving will also give the city an additional reduction in the key rate.

The reductions approximately are as follows on the new rate schedule: Business risks 7c reduction or 70c per hundred; hazards 4c; dwelling about 3c. These figures are of course approximate, with a slight variation but these reductions do not apply to policies now in force or

those written prior to November 2. The city has been working for this reduction and feels that when the water main program is completed the reduction will be very material, in fact assurance has been given that it will be.

BEGIN WORK PUTTING IN FRONT FOR MILAM COUNTY HARDWARE CO.

Work was begun this week by J. F. Brown, contractor, on the installation of a modern front to the building of the Milam County Hardware Company. The front was designed by Paul G. Silbers, architect of San Antonio, and will have modern show windows. The front is to be constructed of face brick, plate glass and metal making one of the most

RED PEPPER HEAT STOPS BACKACHE

The heat of red peppers takes the "ouch" from a sore, lame back. It can not hurt you, and it certainly ends the torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub, and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Notice to Milk Users!

On account of higher priced feed and the increased cost of keeping my Dairy Herd through the winter months the price of milk will be as follows, beginning November 1:

PINT 7c, QUART 13c and GALLON 50c.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens So Naturally Nobody Can Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive.

attractive store fronts in the city.

When this front is completed it will mark the course of a considerable improvement program on that street, among these betterments, the Cameron State Bank, Pierce Dry Goods Store, B. J. Baskin & Sons and the Hardware store.

BIG DAY IN CAMERON BRINGS THOUSANDS OF BUYERS FIRST MONDAY.

"It was an old time first Monday crowd" goes the remark of older citizens of Cameron who Monday had occasion to go about the streets and

make an estimate of the people. Not in recent years has there been in Cameron so big a first Monday crowd.

Merchants throughout the city report splendid business for that day and the traders brought hundreds of head of stock and farm produce to the city for the trading on that day.

Prosperity has come with the marketing of 30 cent cotton. The farmers have gotten the benefit of the high price on their cotton crop, having fairly good weather and early maturity of the crop to aid them in the marketing.

Cameron Herald \$1.50 a year.

NOTICE

This store will be closed Nov. 12th, to Celebrate what we accomplished over there. And to pay respect to our fellow Buddies who gave their lives for our American ideals.

"Our Family Medicine"

"I WILL WRITE you in regard to Black-Draught liver medicine; as I have been using it more than 18 years," says a letter from Mr. S. F. Mintz, of R. F. D. 2, Leland, N. C. "I keep it in my home all the time, for it is mostly our family medicine. When we begin to feel feverish or sluggish, with trouble from the liver or stomach, we take a dose of Thedford's Black-Draught and the trouble is soon over. I mostly buy a dollar package at a time, and it has saved me many a bill."

Thedford's Black-Draught is a

purely vegetable remedy, acting on the liver, stomach and bowels. It is made from selected herbs and roots, and contains no calomel or other mineral drugs.

It has been found of great value, in indigestion, stomach trouble, sick headache, constipation, and lazy liver, helping to relieve the symptoms caused by these troubles, and to put the digestive system into proper working order.

Get a package of Black-Draught liver medicine from your druggist or dealer, today. Be sure to get the genuine—Thedford's.

Thedford's

BLACK-DRAUGHT

A Purely Vegetable Liver Medicine

At The Churches in Cameron

PRESBYTERIANS SECURE SIGHT FOR NEW BUILDING

CONGREGATION BACKS COMMITTEE IN PURCHASE OF NEW LOCATION.

The Presbyterian church of Cameron will soon begin the erection of a modern new church building on the property recently purchased from R. R. Tyson north of the church property and will place the old church site on the market.

The Tyson residence will be remodeled and made into a handsome home for the pastor.

On Sunday morning last the Presbyterian congregation met and heard the report of a location committee appointed some time ago. The committee advised the purchase of the property now held by Mr. Randolph Tyson. This report was adopted by the congregation and the Trustees of the church ordered to purchase the property. This will move the church north of the present location two blocks and will be a fine location. The half block will be built up and the house on the property remodeled and made more suitable for a home for the pastor and moved to the north end of the ground. It now is the plan, the no formal action has been taken, to erect the new church building on the south end of the half block. This move will open up some valuable business property for sale and add attractiveness to what is already a fine residential district.

LAW ENFORCEMENT IS DISCUSSED SUNDAY AT BAPTIST BIBLE CLASS.

Judge John Watson, district judge was the principal speaker at the Sunday morning hour with the Bible class at the Baptist church on the subject of the lesson, "Law Enforcement."

Judge Watson by invitation addressed the class, the lesson hour being taken up with the discussion of law enforcement. An unusually large number of members were in attendance at the meeting and among the visitors Sheriff Drue S. Rogers.

Judge Watson pitched the discussion of the problem of law enforcement on a practical plane, upholding the position of the courts and the procedure but lamenting to some degree the technicalities surrounding practice. Another objection voiced by the Judge is perjury or false swearing, the statement he said was made without reference to any case tried or to be tried.

Citizens who shrink jury service he said affected to a great extent the expedition of criminal cases in the court and the judge urged his hearers to do his full duty by the jury service and the peace officers.

He closed his address with an illustration from the life of Joshua, picturing the people holding up his hands that victory might prevail leaving the inference clear that it is the duty of all to stand by the courts and the officers.

Next to speak was Rev. E. S. Hutcherson who addressed the class briefly, thanking the judge for the timely remarks. O. L. Kidd, teacher of the class, spoke for several minutes, calling attention to the recent executive conference of Governors called by the President to discuss means to enforce the prohibition laws. He said that we should not be discouraged over the failure to convict in every case but to consider the remarkable whole of conviction and to consider the education necessary to complete observance.

H. M. Roark, superintendent of the Sunday school spoke briefly, closing the discussion. He was preceded by J. H. DuBois in a few well chosen remarks, introducing each of the speakers.

The Sunday school hour in the class was concluded with handshaking and exchanging felicitations.

An invitation is extended to the men of Cameron to attend this class on Sunday morning.

METHODIST WEEK OF PRAYER.

"Laura Haygood Week of Prayer" was observed by the three Missionary Societies of the Methodist church this week.

The Juniors, under the direction of Miss Maggie Lou Aycock, gave the first program Sunday afternoon.

Mrs. W. H. Triggs led the Woman's program on Monday when Laura Haygood's life work in China was reviewed.

The series closed Tuesday afternoon with a Young People's meeting under the supervision of Mrs. Will O. Triggs. This program embraced several numbers, the settlement work

at Bethlehem Center, Nashville, Tenn., was sketched particularly. Misses Eloise Rogers and Kathleen Agee sang an appropriate melody, "Lord, I Want to Be a Christian in My Heart."

The offerings received at these meetings were forwarded to the Laura Haygood school in China and to the mission school in Nashville.

METHODIST BROTHERHOOD TO HEAR BISHOP S. R. HAY.

Bishop S. R. Hay of the Texas conference, residing in Houston will be the speaker at the brotherhood meeting here on Wednesday Nov. 14. This meeting will precede the conference which convenes here on Nov. 20.

MRS OTIS FIKES.

Mrs. Otis Fikes of Yarrelton died in the Cameron Hospital Wednesday evening, November 7, about 8 o'clock. Death was caused from typhoid fever.

Mrs. Fikes was brought to the Hospital from her home in Yarrelton about two weeks ago and was desperately ill from the first. Her death has cast a gloom over a large circle of friends. She was the daughter of Mr. and Mrs. Dan Scarbrough of Ben Arnold, both of whom are now sick at their homes and were unable to be with their daughter at the last.

Mrs. Fikes was a young woman and had been married only about a year and a half.

The young husband and the parents have the sincere sympathy of many friends in their bereavement.

H. H. HARTSFIELD QUILTS AS OFFICE DEPUTY IN OFFICE OF THE SHERIFF.

H. H. Hartsfield, deputy sheriff and in charge of the office work for Sheriff Drue S. Rogers, has resigned his place and will return with his wife to their farm at Buckholts in a short time.

Mr. Hartsfield as a close personal friend of Sheriff Rogers came to the office on Jan. 1, 1922 when the new sheriff took oath of office. A number of men are being considered for the place but no appointment has been made.

RETAIL MERCHANTS TO CLOSE THEIR BUSINESS HERE ON NOVEMBER 12.

Chas. Spratt, secretary of the Retail Merchants Association has completed the circulation of a list asking the merchants to close their places of business on November 12. This is a service rendered by the association for the benefit of the merchant. Practically every merchant in town with the exception of the drug stores, cold drink parlors, and one or two dry goods stores.

THE FARMER'S NEW POSITION

By WALTER W. HEAD,

First Vice-President American Bankers Association

The farmer today is more than a tiller of the soil. He is a business man. Raising crops is only a part of his business, if he is a real up-to-date Twentieth Century farmer. Problems of marketing, distribution and financing are equally important.

Walter W. Head

The complexity of our modern economic organization makes it necessary for the farmer to understand and assist in solving these problems if he is to succeed. In this new role—as a business man—the farmer steadily has advanced to a better position.

There was a time when the farmer was dependent wholly upon private marketing agencies, whose interest was not always identical with his own, whose greed for profits sometimes out-matched consideration of the farmer's need. Today there are many great co-operative marketing organizations that handle a large part of the farmer's crop and win for him more liberal treatment from the private agencies which still handle the bulk of his production.

Today the farmer also has his own co-operative agencies of credit. If not satisfied with the terms upon which his local capitalist is willing to advance money upon a land mortgage, the farmer can go directly to the Federal Land Bank, which, by reason of tax-exemption and other advantages incidental to its governmental character, can loan money at a rock-bottom rate of interest.

In addition, the federal government has established another group of banks which permit the local bankers—by rediscount privileges—to extend the farmer credit for his current operations on a more favorable basis than ever before. If he thinks his local bank is not sufficiently responsive to his need, this same legislation enables him to join with other farmers in a co-operative marketing association and arrange for credit direct from this government bank.

New Credit Facilities

For years it has been the farmer's complaint—with considerable justification—that he, alone of all producers, has been forced to market his crop on the buyer's terms because of his inability to use his products, in storage, as a basis for credit. Today the agricultural credits act authorizes the acceptance of warehouse receipts, on non-perishable agricultural products, as collateral for loans, the same as in the case of sugar or other commodities of commerce.

These developments have relieved the farmer from what seemed to be persecution by short-sighted, tight-fisted, grasping grain dealers, landlords and bankers—for there were some bankers who were guilty of this very thing, who thought of the farmer principally as a weak and ignorant opponent in a game whose only stake was the collection of a high rate of interest. The farmer's suspicion of the banker arose because of misunderstanding, because he judged bankers as a class by the derelictions of a few. Today, with these sources of government-controlled credit available at his call, the farmer cannot charge or even suspect that the bankers are conspiring to do him harm.

As the real farmer has taken advantage of these opportunities, he has made himself a business man. Like other successful business men, he is equipped with credit to finance his operations, he is able to make use of labor-saving machinery, he is able to barter with buyers of his products as their equal.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. W. GROVE'S signature on box. 50c

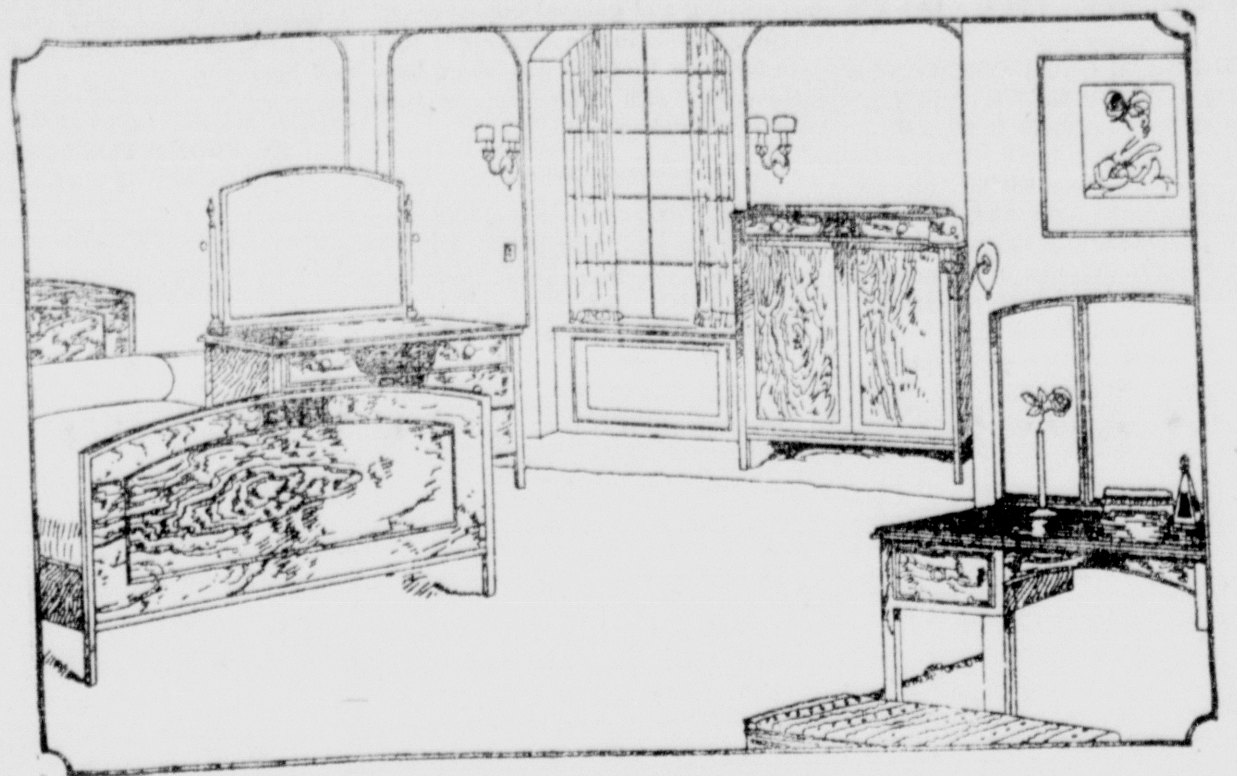

SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

That beautiful, even shade of dark glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Hospitality Good Cheer and Comfort Are best expressed by Lovely Furniture

Unconsciously better furnishings hath the refinement and culture of the people who have it and help the hostess say "welcome" to her guest.

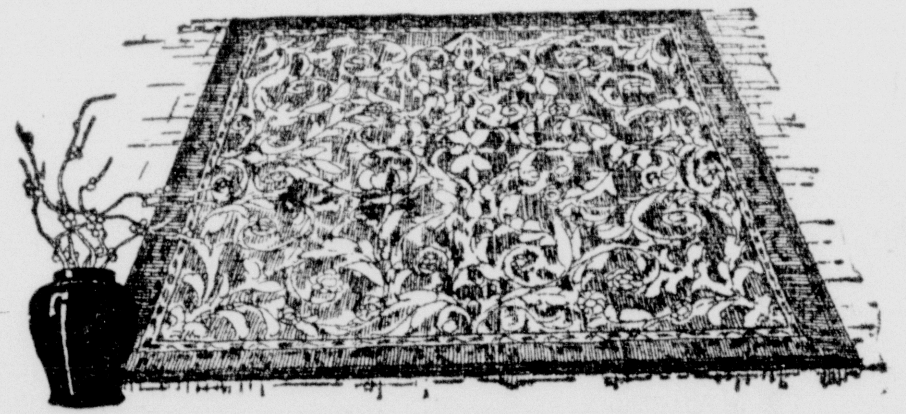

As usual we are prepared to help you make home a place of beauty and comfort, with full assortments of better home furnishings that stand the test of close inspection. Prices are as low as consistent with quality.

FOUR BANDITS ROB BANK AND GET \$125,000.00

FOUR MEN LOCK 15 IN VALUT AT OTTAWA, KAN., AND MAKE GETAWAY.

Ottawa, Kan., Nov. 2.—Four unmasked bandits, who rode into Ottawa this afternoon entered the First National bank, locked fifteen persons in the vault and then coolly looted the institution, were at liberty tonight with the proceeds of their daring, \$25,000 in money and some \$100,000 in bonds and securities. Five thousand dollars in gold was overlooked by the robbers.

Officers here and in surrounding counties made a fruitless search to pick up the robbers' trail. The bandits drove out of town in their motor car in a southwesterly direction.

Three airplanes were pressed into service this afternoon at Iola, Kan., but the air scouting expedition proved unsuccessful.

Sheer audacity and efficiency won the loot for the bandits. Not a shot was fired during the raid and the robbers met with no resistance. They accomplished their work within five minutes. Entering the bank, the bandits compelled ten members of the bank force and five customers to lie face down upon the floor while they filled several white sacks with loot. The fifteen persons were then locked in a small vault and the bandits departed without exciting the suspicion of other townspeople.

All appeared in the bank at once and the command was made by one: "Don't anybody move. All lie down on your face."

When President Miller was slow to comply, one of the bandits poked a gun in his face and spoke gruffly, using profanity. He also used profanity in commanding that none touch the burglar alarm.

Philadelphia, Pa., Nov. 2.—Five motor bandits, wearing handkerchiefs for masks, today held up the paymaster of the John W. Yeth and brothers chemical company and robbed him of a \$4,700 pay roll. The hold-up occurred a short distance from the chemical plant as the paymaster was returning from a nearby bank.

Johnstown, Pa., Nov. 2.—Five bandits, armed with rifles, robbed the First National bank of Bakerton, 30 miles from here, today, and escaped with \$2,000, after wounding one man and stealing three automobiles. Twice the bandits' machines broke down.

Each time they stole another car and finally disappeared in the direction of the Indian county border.

COTTON SORES \$10 PER BALE ON CROP OF 10,248,000 BALES.

New Orleans, La., Nov. 2.—Advances of \$10 a bale carried cotton today above 31 cents a pound to a new high level for the season on all months in the local contract market. It was the first time in this crop year that the cotton exchange invoked its rule limiting fluctuations in any one session to 2 cents a pound. December rose to 31.80 and July 31.10. The close was strong, at the top, and the net changes compared with the previous close was a gain of 175 to 180 points.

The government's indicated crop figures of 10,248,000 bales wholly controlled the trading, following their issuance at 10 o'clock. They were well under general expectations. Preceding the report, it was a sagging market, and at the lowest was 20 to 25 points down, but the crop figures changed all this, and made it the strongest and most active market in many months.

FARMS, RANCHES AND CITY PROPERTY FOR SALE

Any body wanting to buy or trade for farms or ranches in South or West, Texas, call on, or write or wire T. C. Stafford.

AN ORDINANCE requiring the yearly vaccination against rabies of all dogs owned or kept within the limits of the City of Cameron, Texas, by the owner, keeper, or caretaker of said dog; providing for the registration of the time of vaccination of each dog by the Sanitary Officer of the City of Cameron, and the furnishing of a tag for each dog indicating such vaccination and date thereof; providing for fees, for such vaccination and registration and tag; providing for a penalty for the violation of the provisions of this ordinance; and declaring an emergency.

BE IT ORDAINED BY THE CITY

COUNCIL OF THE CITY OF CAMERON, TEXAS:

Section 1. That it shall hereafter be unlawful for the owner, keeper or caretaker of any dog to own, keep, or maintain any dog within the limits of the City of Cameron, Texas, for a longer period of time than 15 days, without having first having said dog vaccinated against rabies; that any owner, keeper, or caretaker of any such dog shall fail or refuse to have such dog so vaccinated, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than one hundred dollars.

Sec. 1. That it shall be the duty of the Sanitary Officer of the City of Cameron, to vaccinate against rabies all dogs at the request of the owner, keeper, or caretaker thereof, upon the payment by said owner, keeper, or caretaker of a fee of \$2.50, and to deliver to said owner, keeper, or caretaker a suitable tag showing the name of the owner, keeper or caretaker, name of the dog, and the date of the vaccination, said tag to be suspended from the neck of said dog. It shall further be the duty of said Sanitary Officer to keep in a record book, well-bound and strong, a record of the names of the owners, keepers and caretakers of all dogs vaccinated, the names of said dogs, the dates of vaccination, and the fees charged. Provided, however, that if the owner, keeper or caretaker of any dog shall refuse to comply with the provisions of this ordinance the Sanitary Officer shall take up the dog, vaccinate same and hold for a period of 15 days and, upon failure by the owner, keeper or caretaker to

pay the fee then to destroy said dog.

Sec. 3. It shall be unlawful for the owner, keeper or caretaker of any dog which has been vaccinated against rabies as required under Section 1 of this ordinance, to permit said dog off any premises on which said dog is kept or maintained in the City of Cameron, Texas, without said dog having attached and suspended from its neck said tag showing the name of the owner, keeper or caretaker, name of the dog and date of vaccination; and any person violating this section of this ordinance shall be guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine of not more than one hundred dollars.

Sec. 4. That the terms "owner, keeper or caretaker" of a dog, as used in this ordinance, shall include not only the actual owner, keeper or caretaker of a dog, or dogs, but shall include the parent, guardian, and custodian of any minor, who is permitted by said parent, guardian or custodian, to own, keep or maintain any such dog or dogs.

Sec. 5. That vaccination of any

dog under this ordinance may be lawfully done by the Sanitary Officer of the City of Cameron, who shall be a qualified veterinary surgeon, or by any other veterinary surgeon, qualified and licensed under the laws of the State of Texas to practice veterinary surgery within the State of Texas; provided that where vaccination is performed by any other than the Sanitary Officers, said veterinary so vaccinating any dog shall issue a sworn certificate to the owner, keeper or caretaker of said dog, showing owner's name, dog's name, and date of vaccination, and shall certify to the proper vaccination against rabies of said dog. Upon the presentation of said certificate to the Sanitary Officer, the name of the owner, keeper or caretaker, vaccination shall be entered in the Vaccination Record Book, and the date of said certificate and the veterinary issuing same shall also be entered.

Sec. 6. The fact that there is no adequate ordinance providing for vaccination of dogs against rabies

creates an emergency and a public imperative necessity that the rule requiring ordinances to be read on three separate days be and the same is hereby suspended, and that this ordinance take effect from and after its passage and legal publication and it is so ordained.

J. B. WHITE,
Mayor of the City of Cameron.

THE STATE OF TEXAS,

County of Milam.
I, R. D. Brown, Secretary of the City of Cameron, do hereby certify that the above and foregoing is a true and correct copy of the proceeding ordinance and the proceedings relating to its adoption and approval as the same appear of record in the Minutes of Book of Ordinances of the City of Cameron.

Given under my hand and seal of office this 16th day of October, A. D. 1923.
25 4t
R. D. BROWN,
Secretary of the City of Cameron.

Armistice Day

The recurrence of Armistice day brings the nation again to that shrine of patriotic devotion that recalls the sacrifices of 70,000 who fell on the battle fields for the liberty of the world.

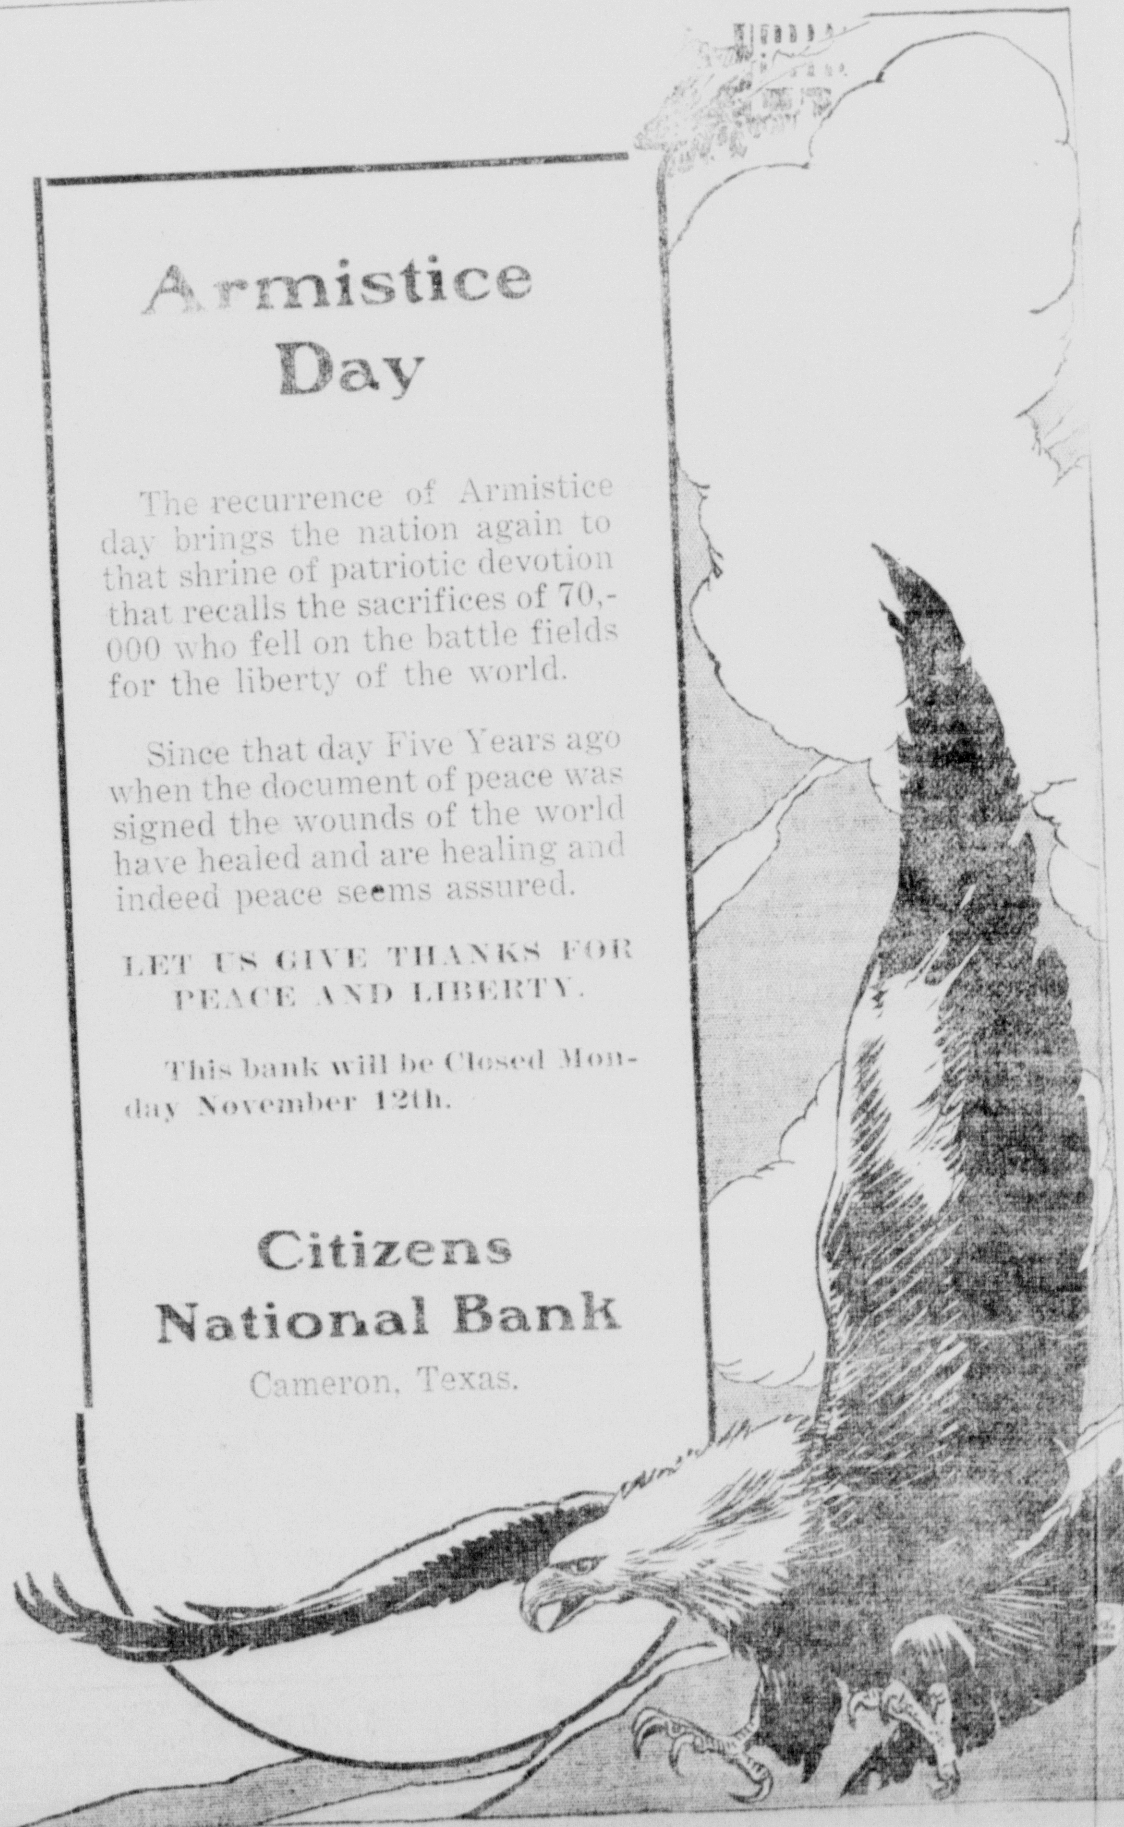

Since that day Five Years ago when the document of peace was signed the wounds of the world have healed and are healing and indeed peace seems assured.

LET US GIVE THANKS FOR PEACE AND LIBERTY.

Ford
THE UNIVERSAL CAR

New Roadster

Business men—with whom the runabout has always been very popular—are well pleased with the changes embodied in this model. Always rugged, the car has been made decidedly trimmer and more comfortable.

This result is obtained by raising the radiator and enlarging the cowl; making a decided improvement in looks and providing more leg room.

A well designed top and slanting windshield do their share toward adding a finished, clean-cut appearance.

Make it a point to see the other new models also on display in the nearest Ford dealer's show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

Hubert Hefley Motor Co.

TWENTY-EIGHT YEARS AGO

(From the files of the Herald)

Mr. W. B. Streetman, one of the members of our city school board, accompanied the grand jury on a visit to our school Friday afternoon. They were much pleased with the work being done in educational matters.

Yesterday morning work was begun in the district court in taking the evidence in the Crow case, and there are numerous witnesses to testify. The defendant is represented by the Hon. T. S. Henderson, Judge Sam Streetman and Judge Muse. District attorney, Scott, is ably assisted by N. H. Tracy. Both sides are prepared to make strong fight, and there will probably be a prominent forensic display.

The supper given last Monday night by the Ladies Cemetery Association, was a gratifying success, the handsome sum of \$108 being realized.

Cameron, Texas, Oct. 25, 1895. To the Honorable District Court of Milam county: Your committee appointed to examine into the financial condition of Milam county, beg leave to submit the following, which covers a period from May 2nd, 1894 to Oct. 21, 1895.

We find the assessed values of property as shown by the tax roll of 1894 to be \$7,512,073 and as shown by the tax rolls of 1895 to be \$7,477,289. Upon said values in 1894 was levied a general tax ad valorem tax of 25 cents on the \$100 worth, and on road and bridge funds 15 cents on the \$100 worth, and on the court house and jail fund 15 cents on the \$100 worth. For 1895 a general ad valorem tax of 25 cents, road and bridge fund, 15 cents, jail and court house 20 cents.

JOHN C. CRUNK,
W. M. GILL,
W. M. WELLS, Com.

Willis and Brothers of Galveston estimate the Texas cotton crop at 1,500,000 bales which is about one half of this state's crop last year.

William Needham of Yarralton was in Cameron last Thursday and informed us that he had ginned to date 1150 bales and that he estimated 100 bales more for him would close the season's crop.

SEES AUTO DEALER AS CIVIC FACTOR

"The local automobile dealer who clearly visions his responsibility to his community is much more than merely a merchant," says G. C. White of the White-House Motor Company.

"Such a dealer is supplying not only a commodity but a community service. In this age that town which has not every advantage of automobile transportation makes a poor showing in comparison with the town that has Dependable automobile transportation unquestionably is a most potent factor in civic growth and prosperity.

"Cars alone will not fill the order. There must be a competent, permanent dependable source of all the things needful to good car performance. For that reason it will be found that the better the car dealership in any city, the better is car transportation."

TEACHING PATRIOTISM.

Part of the business of The Youth's Companion is cultivating a fine patriotism—the love of country; not wrong, but right. The Youth's Companion started the movement for putting the flag on the schoolhouse, it formulated the Pledge of Allegiance to the Flag that is repeated today in practically every schoolhouse in the United States. It has for a long time, now, been running a series of patriotic covers picturing striking events in the nation's history. Painted by the best historical illustrators in the country, they are reproduced in full color at frequent intervals on the Companion's cover. It is worth a year's subscription to the Companion to have these scenes in our building of the nation pictured so graphically. They help greatly in fixing the memory of the events re-

lated in the school histories.

The 52 issues of 1924 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1924.
2. All the remaining issues of 1923.
3. The Companion Home Calendar for 1924.

A Buick for Business

With its roadsters for 1924, Buick has again created a new standard of roadster utility and attractiveness. Nor can the appearance of this four-cylinder two-passenger model convey in full its story. The famous Buick valve-in-head engine provides even greater flexibility and acceleration than before. The proved Buick four-wheel brakes assure more than ample safety for any emergency.

Business of today demands a sturdy, powerful, safe and dependable car—one that remains constantly in service. This new two-passenger, four-cylinder Roadster is one of Buick's contributions and answers to this demand.

"When Better Cars are Built Buick will Build Them."

EDUCATION WEEK BEGINS NOVEMBER EIGHTEENTH

CAMERON EXPECTED TO CO-OPERATE IN OBSERVING PROCLAMATION.

Beginning November 18 "Education Week" will be observed throughout the nation. Cameron is expected to co-operate in the observance of education week as outlined in the proclamation of President Coolidge as follows:

By the President of the United States of America a Proclamation:

From its earliest beginnings, America has been devoted to the cause of education. This country was founded on the ideal of ministering to the individual. It was realized that this must be done by the institutions of religion and government. In order that there might be a properly educated clergy and well trained civil magistrates, one of the first thoughts of the early settlers was to provide for a college of liberal culture, while for the general diffusion of knowledge, primary schools were established. This course was taken as the necessary requirement of enlightened society.

"Such a policy, once adopted, has continued to grow in extent. With the adoption of the Federal Constitution and the establishment of free governments in the States of the Union, there was additional reason for broadening the opportunity for education. Our country adopted the principle of self-government by a free people. Those who were worthy of being free were worthy of being educated. Those who had the duty and responsibility of government, necessarily have the education with which to discharge the obligations of citizenship. The sovereign had to be educated. The sovereign had become the people. Schools and universities were provided by the various governments, and founded and fostered by private charity, until their buildings dotted all the land.

The willingness of the people to bear the burdens of maintaining these

institutions, and the patriotic devotion of an army of teachers, who, in many cases, might earn larger incomes in other pursuits, have made it possible to accomplish results with which we may well be gratified. But the task is not finished, it has only been begun.

We have observed the evidences of a broadening vision of the whole educational system. This has included a recognition that education must not end with the period of school attendance, but must be given every encouragement thereafter. To this end the night schools of the cities, the moonlight schools of the southern Appalachian countries, the extension work of the colleges and universities, the provision for teaching technical, agricultural and mechanical arts, have marked out the path to a broader and more widely diffused national culture. To insure the permanence and continuing improvement of such an educational policy, there must be the fullest public realization of its absolute necessity. Every American citizen is entitled to a liberal education. Without this, there is no guarantee for the permanence of free institutions, no hope of perpetuating self-government. Despotism finds its chief support in ignorance. Knowledge and freedom go hand in hand.

"In order that the people of the nation may think on these things, it is desirable that there should be an annual observance of Educational Week.

"Now, Therefore, I, Calvin Coolidge, President of the United States, do hereby proclaim the week beginning on the eighteenth of November, next, as National Education Week, and urge its observance throughout the country. I recommend that the State and local authorities co-operate with the civic and religious bodies to secure its most general and helpful observance, for the purpose of more liberally supporting and more effectively improving the educational facilities of our country.

"In Witness Whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done, in the City of Washington this twenty-sixth day of September in the year of our Lord, One Thousand and Nine Hundred and Twenty-three.

and of the Independence of the United States, the One Hundred and Forty-eighth.

(Seal)

(Signed) CALVIN COOLIDGE

By the President:

(Signed) CHARLES E. HUGHES,
Secretary of State.

NOTICE TO CONTRACTORS.

Sealed proposals addressed to J. B. White, mayor, will be received at the office of the city secretary and treasurer, R. D. Brown, for the City of Cameron, Texas, until 10 a. m. Tuesday November 6, 1923, for street paving in the City of Cameron, Texas, and then opened and read.

Description of work to be done: Paving with Uvalde Rock Asphalt, to be laid two inches in thickness on eight inches of gravel base, on thirty-three blocks, making approximately 49,500 square yards of paving and performing such part of the work as provided in the specifications.

Detail plans and specifications may be obtained from A. F. Mitchell, engineer at Cameron, Texas.

A certified or cashiers check for 5 per cent of the amount of bid must accompany each proposal as a guarantee that the bidder, if successful, will enter into a contract and make bond as provided by law. The city of Cameron reserves the right to reject any and all proposals and to waive all technicalities.

HIGHWAY MAINTENANCE TO BEGIN JANUARY FIRST

TEXAS HIGHWAY ASSOCIATION
PLEADS FOR MEMBERS TO
CARRY ON CAMPAIGN.

The maintenance of all state highways will be taken over by the State Highway Department on January 1st, according to advice received from Mr. Leo Ehlinger, Maintenance Engineer of the State Highway Department.

The present State Highway System as finally adopted and approved, contains about 16,000 miles of highways, of which probably not more than 5,000 miles are improved, with about 2,000 miles under construction; this leaves about 9,000 miles of unimproved or very poorly constructed highways.

The tentative organization outlined by the department, is to take care of the maintenance of this tremendous mileage, consisting of two main divisions; the Maintenance Division and the Equipment Division.

The State has been divided into 16 divisions, with a Division Engineer in charge of both maintenance and construction in their respective divisions. These divisions will have between 900 and 1050 miles of highways to construct and maintain.

Under each Division Engineer there will be two Maintenance Superintendents, who will have filed control of the maintenance of about 500 miles of highway, and under each maintenance Superintendent there will be a Section Foreman, who will have charge and be responsible for all grader gangs and various patrolmen in his section, and he will maintain approximately 100 miles of highway.

The Maintenance System will be known as the gang and patrol system, which means there will be a certain number of floating gangs, who will operate the heavier equipment, such as tractors and graders, and who will take care of the maintenance of ditches, shoulders and bridges in a certain territory, the size of which will depend upon the number of miles of highway in this section.

The goal to be obtained by the State Highway Department will be to preserve intact the investment made by the people of the State of Texas in state highways, and endeavor to keep the entire system in such a shape so that it can be used at any time of the year.

The State Highway Department is to be congratulated in planning the above described organization, and we have every reason to know that the public in general will lend their heartiest co-operation in perfecting the work outlined by the Maintenance Engineer.

You were advised in our September 1st, bulletin of two very important highway laws that were passed by the 38th Legislature, giving the Highway Department the funds and authority to do this work.

The Texas Highway Association has every reason to feel that it was instrumental in giving the Highway Department this authority, as we were organized for the sole purpose of creating public sentiment in favor of a complete set of new highway laws to provide the state with the necessary funds and authority to eventually take over, build and maintain the entire state system of highways.

This Association has spent since the date of its organization about \$40,000 in a publicity campaign in behalf of a connected, unified system of highways, to be built and maintained by the State.

The program of this Association is only about half completed. A Highway Amendment to the Constitution must be carried if we are to perfect the Highway Program of this State. There are also a number of other badly needed highway bills that

should be passed during the 39th Legislature.

The Association is receiving new members daily, also old ones are renewing. Have you renewed your membership for this year? If not, will you not send in your check immediately covering same? Your affiliation with this Association certainly indicates that you are interested in the completion of the work as outlined by us, and we have every reason to believe that you are just as much interested now as you were last year. The Association needs our financial and moral support, and it is trusted that you will not only renew your membership immediately, but that you will assist in securing others.

The membership committee which is composed of the following:

L. W. Kemp, chairman, San Antonio.
J. K. Dickerson, Hallettsville.
Charles F. Tom, Gonzales.
Henry S. Gooch, Amarillo.
G. R. Abney, Lufkin.
B. P. Panas, Houston.
Fred M. Percival, Rockport.
J. H. Briggs, San Antonio.
E. J. Herman, Dallas.
E. Eikel, New Braunfels.

Are assisting in every way in building up the largest possible organization and has authorized the Association to use their names in this appeal to you, to not only renew your membership, but to give the Association your active support. Please therefore, fill out the attached membership blank, returning same accompanied by your check. We are exerting every effort to obtain 50,000 members by July 1st, 1924, at which time we will conduct another publicity campaign; to not only retain the highway laws which were passed during the 38th Legislature, but to advocate the passage of other badly needed highway measures during the 39th Legislature.

We certainly need your assistance in accomplishing a connected, comprehensive system of highways in this State. Please do not lay this matter aside but attend to it today, and oblige.

Yours very truly,
WM. T. WHEELER,
Secretary and Treasurer.

MAKE \$293.00 PER DAY.

An article appearing in this paper last week told of the work being done among young people by a great business training university in Texas—The Tyler Commercial College.

A few interesting figures serve to convince any ambitious young man or woman of the advantages of a course of training in this great school. The average educated man gets a salary of \$2,000 year. He works forty years, earning a total of \$80,000 in this period. The average day laborer gets \$3.00 per day, three hundred days in the year, or \$900 a year. In forty years he earns \$36,000. The

difference, \$44,000 equals the value of an education.

It is amazing to think that to obtain earning capacity requires only five months time or one hundred and fifty days in Tyler Commercial College. Now, divide this \$44,000 by 150—the number of days required to get an education—and you will see that each day spent at Tyler Commercial College will bring you \$293.00, as well as the satisfaction and pleasure of being able to live a successful and comfortable life.

Life insurance companies have compiled the following astounding figures taken from the actual history of one hundred men starting out in life: At the age of sixty-five thirty-five have died, one is rich, four are wealthy, six are self-supporting but must work for a living, fifty four (more than half the number) are dependent on relatives or charity. If you could talk to any of these fifty four men they would tell you to avoid their condition by getting an education now.

You expect to live to the age of sixty-five at least. Then to avoid being dependent on others at that age, arrange for your business education in youth. To get out of the POOR PAY CLASS and be independent in later years send your name and address on the coupon below, and you'll receive a large free catalogue of the Tyler Commercial College by return mail. The editor of this paper will be glad to arrange for your scholarship.

ship. Address your coupon to Tyler Commercial College, Tyler, Texas.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous
For Cameron People to Neglect.

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backaches, headaches, nervousness, lameness, soreness, lumbago, urinary trouble, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Cameron.

T. F. Weaver, Box 443, Cameron, says: "I have used Doan's Kidney Pills off and on for some time and they have never failed to give me good results. At times I have had slight attacks of backache and the action of my kidneys annoyed me. Doan's Kidney Pills always gave me the desired results when I used them for these attacks. I keep Doan's on hand and recommend them as a kidney remedy of merit."

KILL YOUR GRASS OR WEEDS WITH

West Texas Weed and Timber Killer

KILLS ALL TREES, SPROUTS AND NOXIOUS PLANTS

It is a concentrated chemical in liquid form, for clearing the farm of all wild onions, garlic, wild rhubarb, Canadian thistle, morning glory vines, Johnson and Bermuda grass and other noxious weeds. West Texas Timber and Weed Killer is unequalled and excels any imitation on the market. It is a salvation to the farmer whose land is infested with these pests of vegetation.

In permanently destroying dandelion, platan and other pest plants on lawns caution should be used in applying West Texas Timber & Weed Killer, so as not to kill lawn grasses surrounding them. It only requires a few drops applied directly to the center of these plants. We manufacture a specially designed sprayer or dropper, that we recommend to be used in exterminating such plants that affords a protection to the lawn grasses.

Driveways in parks and in cemeteries are kept clean of weeds by spraying with an ordinary sprayer or sprinkler. Weeds on vacant lots can be quickly and economically destroyed by spraying, and is far cheaper and more efficient than mowing. One application of this liquid is sufficient for the season. Directions on the container.

KLAN ATTORNEY IS SLAIN IN OFFICE AT ATLANTA

COUNCIL FOR INSURGENTS SHOT
TO DEATH AS HE SITS IN
OFFICE.

Atlanta, Ga., Nov. 5.—W. S. Coburn of Atlanta, attorney for the Emporor Simmons faction of the Ku Klux Klan, was shot and killed in his office here late this afternoon by Phillip Fox, said to be editor of the Imperial Night Hawk, a publication of the Imperial Palace.

Coburn was shot five times and toppled over in his chair. The bullets were said to have been fired from the doorway of Coburn's office by Fox. The latter was arrested and taken to the police station.

Fox is said to have gone to the office of Coburn on the ninth floor of the Flatiron Building Monday afternoon to talk over klan matters and was told by Coburn to come back later, as he had several clients waiting. Then, according to versions of the trouble, Fox returned, opened the door of Coburn's office and commenced firing. Three of the bullets are said to have struck Coburn in his head, while another lodged in his stomach.

Fox went down, to the fourth floor, it was said, where he was arrested by Attorney Spence, counsel for Chief of Police Beavers, who took him at once to the station house.

Fox came to Atlanta some months ago from Dallas, Texas, where he formerly served as managing editor of a newspaper.

Coburn was one of the prominent attorneys in the suits against the Evans faction. He was chief counsel for the Edward M. Rittenhouse faction of Philadelphia, which last week unsuccessfully attempted to have a receiver appointed for the klan. As attorney for W. J. Simmons emperor of the klan, Coburn filed suit in Fulton County court Monday asking for an injunction to prevent the organization of the Women of the Ku Klux Klan.

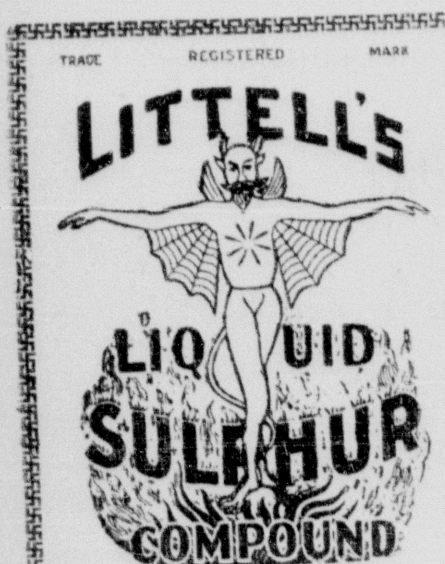

To Patrolman C. O. Cochran, who assisted in the arrest, Fox is quoted as saying:

"I am sorry to have had to do it, but I am glad he is dead. He was planning to ruin me and I had just as soon he hung as hurt."

Mrs. W. A. Hollbrook, stenographer for Coburn, said that Fox came to the office and wanted to talk to Coburn about the klan case in which Coburn is representing what is called the insurgent element. They talked for about five minutes, according to Mrs. Hollbrook, and Coburn asked Fox to come back in about an hour as he had some clients waiting for him. Fox started out and got outside the door, then turned back and fired five shots at Coburn, Mrs. Hollbrook said. W. T. Rogers, a client of Coburn's, said he was in the office when the shooting took place and witnessed it.

Phil Fox is well known in Texas. He was editor of the Dallas Times-Herald until two years ago, when he resigned to become national publicity director for the klan with offices in Washington.

FORD FOR SALE—Ordered brand New Ford due now, see A. K. Gurecky at Felix Matula and Company.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, MO.

FOUR FOUND GUILTY IN MOREHOUSE CASE.

Bastrop, La., Nov. 5.—Four alleged members of the Morehouse Parish Ku Klux Klan, including Capt. J. K. Skipwith, exalted cyclops, Monday were found guilty of "carrying firearms on the premises of another" in connection with hooded band activities in Morehouse Parish last year.

Sentences will be pronounced later. Others found guilty were Benton Pratt, Melvin Pickett and W. G. McIntosh.

Three alleged klansmen tried jointly with the four were found not guilty. They were Sam Eldridge, Sam Cox and Cud Pickett.

The seven were tried jointly before Judge Fred C. Odom in Sixth District Court. They were charged with a raid on the home of Alonzo, Braddock farmer, who was believed to be engaged in the illegal manufacture of whisky.

Captain Skipwith testified he organized the party to make the Braddock raid, but that he had verbal authority from Sheriff Fred Carpenter.

TAYLOR HIGH DOWNS THE ROCKDALE TIGERS.

Rockdale, Texas, Nov. 5.—The Rockdale Tigers were defeated by Coach Drake's Taylor high eleven here this afternoon by a score of 20 to 3.

The Tigers outplayed the visitors in the first half and were leading at the end of the period by a 3 to 0 score but Blackburn, star Tiger half, was removed from the game on account of injuries and the Taylor team ran through the Tigers at will. Their first score came in the third period after Johnson fumbled a punt and upon recovering was forced to punt from behind his own goal line. A Taylor half back took the kick and ran through the entire Tiger team for a touchdown.

The Tigers play Cameron on Armistice Day and because of the keen rivalry between the two teams a record crowd is expected to witness the game.

SUIT AGAINST KLAN WIZARD DISMISSED.

Houston, Texas, Nov. 5.—Dismissal on motion of attorney for the plaintiff of the \$100,000 damage suit of George B. Kimbro against Hiram W. Evans, imperial wizard of the Ku Klux Klan, was the feature of the

opening of the fall term of Federal Court here on Monday morning.

A similar suit of Mr. Kimbro's against Dr. Evans, filed some weeks ago in the Fifty-Fifth District Court, is scheduled to be tried in December. Papers in the case were served on Dr. Evans while he was visiting the State Fair at Dallas.

The first of the alleged oil fraud cases, indictments in which were returned by the spring term grand jury in September, has been set for trial on Dec. 5. Five indictments, naming approximately fifty persons, were returned.

The one set down for trial on Dec. 5 is against James H. West and nineteen others. In all five cases the defendants will be given until Nov. 14 to file motions or make pleas. These

pleas and motions will be heard on Nov. 17. At that time the other four cases will be set down for trial.

The case against Edward Young Clarke, former head of the Ku Klux Klan, in which Mr. Clarke is charged with violation of the Mann act, was set for trial on Nov. 19.

S. E. J. Cox, named as one of the defendants in the oil fraud cases, appeared in Federal Court Monday morning, dressed in oil field garb, flannel shirt, sloch hat and knee-length cowhide boots.

KASCH'S Improved Pedigreed Cotton Seed Direct From the Originator

To our customers at Cameron, Thorn-
dale and Rosebud:

Your order for my Pedigreed seed, entrusted to my agents to be delivered through our distributor, Mr. A. N. Green, has been filled and these seed have been shipped to Mr. Green for distribution to you.

This order has had my personal attention and I ask your co-operation in making Milam and Falls counties solid Kasch territory in 1925. The seed I have sent Mr. Green for you will do this if given a chance.

You are fortunate to have your order filled as we have already turned down over 7000 orders that we cannot fill this year. It is a pleasure to serve you people and I hope you will always get your order in early enough to have it taken care of.

Please see Mr. Green at once and get your seed and take them home. You can take care of them better than any one else till you are ready to plant them. I promised him that you would get these seed promptly and I hope that you will co-operate with me to that end.

PRESS ASSOCIATION OF HIGH SCHOOLS TO MEET

BELTON WILL ENTERTAIN DELEGATES FROM JOURNALISM AMONG HI SCHOOLS.

Belton, Texas, Nov. 7.—The second convention of the Texas High School Press Association will be held at Baylor College for Women, Belton, Dec. 7 and 8, according to an announcement made here today by Prof. Quion Griffith Johnson, organizer of the association and head of the Baylor School of Journalism. A large attendance from high schools all over the state is expected.

Two additional prizes are being offered this year, making a total of six. These prizes are for the best edited high school newspaper, annual magazines, news story editorial and short story. All entries must reach the Baylor College office by November 23.

The Houston Post Trophy, given last year to "The Brackenridge School, San Antonio, will be offered for the best edited school newspaper. Four consecutive issues of the fall term paper must be entered by those trying for the prize.

The A. Zeese Loving Cup is the prize for the best edited high school annual. This cup was won last year by "The Oak" of Oak Cliff High School, Dallas. The 1923 annual will be judged this year.

The Magazine trophy was won last year by "The Gobbler" of Cuero High school. Two consecutive issues of the magazine must be submitted when entering the contest.

A literary scholarship of \$100 is offered for the best written news story and for the best written editorial. The news story must be based on an actual happening and must be not more than 500 words nor less than 100 words in length. Miss Adelle St. Clair of Martindale was winner last year.

This year is the first time that the editorial contest has been offered. The editorial must have been published in some issue of the high school paper or magazine this fall.

In each of the two contests if the winners is a girl the scholarship will be to Baylor College, if a boy to a co-educational institution offering courses in journalism.

Then dollars in gold is being offered for the best written short story. This is the first time that this prize has been offered.

Enthusiasm over the state is high and indications are that the contests will be hotly contested. Judges will be prominent newspaper men of the state. Last year the convention was attended by seventy-eight delegates from twenty-three high schools. So now, seventy-five miles from a railroad, was represented.

The association has adopted for its insignia a scroll unrolling the map of Texas. This insignia may be found under the editorial flag of many school newspapers in the state. In each instance it is an indication of an attempt at earnest journalism. The association has adopted certain standards that all must live up to who are members.

Membership is open to all high schools editing a newspaper, magazine and a faculty sponsor to the convention. All will be given entertainment by Baylor College.

Cameron Herald \$1.50 a year.

LEE COUNTY GRAND JURY WOULD REVOLUTIONIZE ROAD WORKING.

(Rockdale Reporter.)

Lee county, our neighbor to the south, is preparing to take steps looking to the forcing of road overseers and road hands to comply with the law requiring them to serve as such overseers and work hands. The recent grand jury of the county made a close investigation of road working conditions, and in its final report made recommendations, which, if carried out, will revolutionize road working in that county and will set an example to the balance of the State.

The Report has been furnished with a copy of that report, which is as follows:

THE STATE OF TEXAS,

County of Lee.

In the District Court of Lee county, Texas, October Term, A. D. 1923.

To the Honorable R. J. Alexander, Judge of said Court:

We, your Grand Jury for the October term, A. D. 1923, do hereby respectfully report to your Honor that we have made diligent inquiry into all violations of the laws that have been called to our attention and have and do hereby return into court ten felony bills of indictment and two misdemeanor indictments. During the time we have been in session we have had 412 persons to come before us.

It has been called to our attention that the road hands, road overseers and commissioners of Lee county have been failing to give the public roads the work required by law and that the result is that a large percent of the ordinary roads are in a deplorable condition.

Further investigation has disclosed that but little of the time required by law has been worked by road hands. This lack of observance of the law seems to be due to a general failure to give the matter the proper thought and consideration.

Feeling that much good could be done in this respect the Grand Jury has issued attachments and required all of the commissioners and road overseers of the county to appear before it and make report of the road work being done and the condition of the roads in their respective precincts.

These reports indicate that the rumors heretofore heard have been based on actual facts.

We are advised that the laws require that a man serve as a road overseer when appointed, if within the road working age, and it is also required that those within the same age work the roads when called upon by the overseer.

This Grand Jury respectfully recommends that a copy of this report be furnished to the three newspapers of this county, and one to the newspaper printed at Rockdale, Texas, which is generally distributed in the north part of Lee county. It is further recommended that the clerk of this court furnish the next Grand Jury with a copy of this report; that the Commissioners Court be requested to furnish the next Grand Jury with the reports of the road overseers that due investigation be made thereof and that all persons who have been appointed as road overseers who have refused to do their duties in working the roads be indicted, and that all road hands who fail or refuse to comply with the law and do their duty as road hands be indicted. All this to the end that the full time provided for by law be put upon the roads for the present year and all years to come.

If this is done we feel certain that great good will result to the county in the matter of better roads. Having nothing further to report, we ask to be discharged.

J. W. TATE,

As Foreman of the Grand Jury, for the Grand Jury and under the direction of the Grand Jury.

SULPHUR SOOTHES UGLY, ITCHING SKIN

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Menthio-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties, seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Rowles Menthio-Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

The extra water-space lessens the danger from evaporation and means less attention. The flexible rubber seal acts as an efficient shock absorber and prevents the spilling and seeping of the acid, means less danger from corrosion.

Standard Service, in keeping with Standard Quality, will prove a source of real satisfaction for you.

TEMPLE LEGION POST TO CELEBRATE ARMISTICE

MANY FROM CAMERON MAY ATTEND ARMISTICE PROGRAM ON NOVEMBER 12.

Commander W. T. Hefley of Temple Post 133, American Legion, has issued a call for the Legion members to gather in Temple on November 12 for the celebration of Armistice Day.

There are a number of ex-service men in Cameron who have recently joined the Legion at Temple and this notice will be read with interest by them:

We are going to have a great celebration this November 12th. Its Armistice Day Celebration and we are going to celebrate.

These two things please remember—We want every ex-service man to get behind this celebration and Push. We want every ex-service man to be in that parade, either in uniform or out of uniform. We want you to help sell the tickets to the special show at the Temple Theatre the Management is giving the Legion one half of all tickets sold by them to any show during three nights—every time you sell a ticket the Legion gets half without any expense, but gets nothing of the receipts at the box office).

Our Program is a good one. A mammoth parade will many organizations out in large numbers. Flag ceremony for the dead—good band music all day—an ex-service man for a speaker—free barbecue to all ex-service men and veterans of other wars—foot ball game—flying stunts during the day by three fast government planes—a machine gun sham battle par excellence—greatest fireworks display ever seen in Central Texas—street dance and dance at the Stag Hall—It's a winner.

But we must have your co-operation to make it a success. If you are on a committee—act on it and don't give an excuse. We must have you in the parade if we are to make a showing.

If you are on a committee, don't forget the committee parade. Every man in the parade.

We want your co-operation with it the whole show will be a success. Remember the date and your duty to the Legion.

W. T. HEFLEY, P. C.
Temple Post No. 133.

WILSON'S ARMISTICE DAY SPEECH WILL BE BROADCAST OVER 3 RADIO STATIONS.

Washington, Nov. 2.—Arrangements have been made to broadcast by radio the speech which Woodrow Wilson will deliver at his S street home on Armistice Day, when a group of his admirers are to call upon him to pay their respects.

The subject will be "The Significance of Armistice Day," and it is believed the former president will discuss current public questions, including the international situation. Should their expectations be borne out, it would be Mr. Wilson's first extended effort to lay his views before the country since he left the White House.

The address will be delivered from the front steps of the Wilson home. A microphone placed nearby will carry the former president's voice over telephone wires to three of the most powerful broadcasting stations in the east, WCAP in Washington, WEAF in New York and WJAR in Providence, R. I. Radio experts say that with favorable atmospheric conditions, wireless receiving sets in every part of the country will be able to pick up Mr. Wilson's words distinctly.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache; no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

No man, be he great or humble, forgets the sacrifices of this Nation in the great war nor will he ever cease to honor those who gave their last full measure of devotion to the cause of world peace.

Over 70,000 of America's brave men who bore up with fortitude and courage under the fires of war will have the reverence of the nation when on Armistice Day we again renew our devotion to them and that for which they died.

Equal opportunity, liberty and justice are the great factors in this land made safe by those who sacrificed. A strong bank can mean much in your life if you will let it.

Yoe High Athletics

(By WILTZ McCOWN.)

SPECIAL ROCKDALE-CAMERON ISSUE CAMERON VS. ROCK- DALE, MONDAY NOV. 12.

The Cameron High School Yoemen will meet their ancient rivals, the Rockdale Tigers next Monday, Nov. 12, which promises to be the feature game of the interscholastic season. A record crowd is expected to witness the tilt, as a hard fought struggle is expected. The two teams are more evenly matched this year than ever before, and it will be a toss up as to who will win. Personally I believe the Yoemen will triumph over Tigers because of their superior knowledge of foot ball, by that I mean the Yoemen have been under better coaching. The Rockdale Tigers outweigh the Yoemen about 2 pounds to the man. Comparing the two backfields, the teams seem to be evenly matched, with neither side having the edge. Young, Cameron's full-back, is a very valuable man to his team because of his kicking prowess. Young is a wonderful punter and is hard to beat on the drop kick. Young is also a good plunger and passer. Scarbrough, Tiger's full back is also a very valuable man to his team. Scarbrough does not possess the wonderful toe like Young, but is a better line plunger. Young is given the edge over Scarbrough because of his valuation as a punter and passer. Captain Rosenberg of the Tigers is not near as good at Hardin, Yoemen left half, on line plunging, but is better on end runs than Hardin. Both are consistent ground gainers for their teams and Hardin is hard to stop when he plunges the line. Hardin is also a wonderful passer, and is fairly good on end runs. Rosenberg is a wonderful man on end runs, is a fair passer and a fair line plunger. Both men are about equal. Childress, Yoemen right half and Blackburn Tiger left half are about the most evenly matched men on either squad. Blackburn punts for Rockdale, and is an excellent punter, but is not any better on punting than Childress, who is a good punter himself. Blackburn is better on end runs than Childress, but lacks the punch in hitting the line that Childress has. Childress has been about the best ground gainer the Yoemen have while Blackburn has been about the best for Rockdale. At quarter back for Cameron is Captain Joe Hefley who has it all over Johnson. Rockdale's quarter, Johnson is a game, fighting little fellow, but he lacks the experience that Captain Hefley possesses. Captain Hefley is the one who made the only score of the game against Rockdale last year, and he bids fair to be a star this year. The Yoemen seem to have a little edge on Rockdale on the line. Reichert, Yoemen hefty tackle, and Graham also tackle, are the Yoemen's best bets in the line. Reichert and Graham are better than anything Rockdale has. Daniels, Sharp, M. Blackburn and several others are very valuable men for the Tigers on the line. White Cheeves, Boykin, Posey, Green, Plinn, Baskin and Moody are very good men for the Yoemen.

The game will be played on the Lawless Green Athletic field, Monday Nov. 12, which is Armistice Day. A crowd of possibly 2000 people are expected to witness the tilt which will be one of the hardest fought foot ball games ever held. Everyone in Rockdale is backing their team to the utmost and their war cry is "Beat Cameron." They are out to seek revenge for the defeat inflicted upon them by the Maroon and Grey Jerseyed lads from Cameron, who defeated the proud Tigers 7 to 0 last year.

Coach Perkins declares his machine will be hitting on all eleven next Monday when the referee blows the whistle. High class officials will be obtained to officiate in the game. The Yoemen have several good men who are capable of substitution if necessary. Fontaine, Yoemen half back might possibly start the game as he is just as good a man as any on the Yoemen backfield. Baggett and Keith are also high class backs who are capable of high class foot ball in the backfield. Keith demonstrated his ability in the Franklin game, while Baggett demonstrated his ability in the Bryan game.

Next week the Yoemen will practice behind closed gates, and only players, coach and those affiliated with the team, are allowed to enter.

The Yoemen are preparing in every way to meet the Tigers from Rockdale, who are going to fight like they never fought before.

Don't forget the date, Monday, Nov. 12, at the Lawless Green Athletic field. Lets go.

HOT SHOTS.

Chewing tobacco! chewing tobacco! Snuff! snuff! snuff! Yoemen! Yoemen! Strut your stuff.

Last Friday the Yoemen journeyed over the Rockdale to witness the Rockdale-Taylor foot ball game but were disappointed when the Taylor squad failed to arrive.

Next Monday the feature game of the season will be played, when the Yoemen meet the Rockdale Tigers on the local athletic field.

Gentle readers, that will be some game. The Yoemen are going to try and repeat their success of last year, while Rockdale is out to seek revenge.

Rockdale and Cameron are more even this year than ever before and a feature game is expected.

The Waco Tigers defeated the Belton Tigers last Friday 12 to 0 on a muddy field, at the Cotton Palace. The muddy field kept the Waco team from running up a large score. Naylor and "Booty" Johnson starred for Waco while Captain "Babe" Hallmark starred for Belton.

A. & M. got the dope basket up-set on them again, when Baylor held them to a 0 to 0 game. The Aggies were in striking distance of the Baylor goal several times, but Jack Ferguson, who is usually good on drop kicking missed 4 field goals, but Strickland fumbles and the even watchful DuBois recovered for the Aggies. Puttman and Fage Wilson displayed some nice punting. Turse Young Wilson, punted 60 yards behind the Baylor goal line. Captain "Bull" Johnson displayed the old fight and pep that made him a characteristic figure in 1922. The Aggies made 12 first downs, to the Bears 2.

Those S. M. U. Mustangs are certainly stepping. They ran rough shod over C. U. Saturday 44 to 0.

S. M. U. seems to be the conference best bet, but personally I think the Texas Longhorns will be the conference Champions of 1923, if they do not get "cocky" and let them ever fighting Aggies defeat them. Gentlemen you just cant beat those Aggies on Kyle field, if the Aggies get anything like half the breaks. S.M.U. got 100 per cent of the breaks last Friday a week ago when they defeated the Aggies 10 to 0.

Boys if you want to see a real foot ball game, just journey to Cameron next Monday.

Cheer Boys cheer
Old Cameron has the ball,
Cheer Boys cheer!
Old Rockdale got a fall.

I was over in the Regal City last Friday, and Coach Hughes was certainly working those boys hard. The Yoemen will have to hustle and fight every inch of the way, if they expect to defeat the proud Tigers from Rockdale.

In Roseburg, Blackburn and Scarbrough, Coach Hughes has a fast and wonderful backfield.

Rockdale fans are certainly pulling for their team and are displaying real pep. If the local high school students would yell for the team, there would be considerable more pep. Believe me, in every contest nearly every student of the Rockdale High school who is not playing, is there yelling for his team; while in Cameron they stick around like a bunch of sick kittens and let a few do the yelling. Well you have got to get out of that if you expect to beat Rockdale, for they have got 100 per cent pep.

I can say one thing for Rockdale, that I can't say for Yoe Hi. That is, Rockdale has certainly got the pep and vigor that is necessary to win. The local bunch of students sit around like a bunch of statues, and don't make an effort to yell. Of course there are a few who yell, but that few is not very many. Next Monday every fellow yell, and don't be bashful, for I'm sure no one will hurt you. Yell leaders Howell, Looney, Jennings and Camp request that everyone lend their aid in yelling for the Yoemen to defeat the Rockdale Tigers. I'll bet my hat, that Rockdale High will be on hand with a mob of rooters and they will certainly have the pep too. Every one yell for the Yoemen to win for that plays a considerable part in the victory. The A. & M. rooting section of last year

was one of the main reasons the Aggies defeated the Longhorns.

Next week Coaches Perkins and Sterling will put on the finishing touches in preparation for the Rockdale game.

There is a possibility that bleachers may be erected at Yoemen Park in behalf of the huge crowd that will attend the game.

Foot ball results of the past week:
Waco Hi 12, Belton Hi 0.
Texas 28, Rice 0.
A. & M. 0, Baylor 0.
S. M. U. 44, T. C. U. 0.

A feature of next Monday's game will be the punting duel, between Young of Cameron and Blackburn of Rockdale. Young seems to have the edge over Blackburn. Young is a second "Booty" Johnson when it comes to drop kicking.

Yoemen fight! Yoemen fight!
Yoemen! Yoemen! Yoemen!
Fight! fight! fight!
Fight! fight! fight!
Yoemen! Yoemen!
Fight! fight! fight!

Yoemen defeated Franklin 15 to 0 in last Friday's game.

Game to the last, the Franklin High Gridsters went down in defeat before the onslaught of the Yoemen.

Young played a brilliant game for Cameron and several times he reeled off long gains around end.

Captain Martine for Franklin was also a star.

The Yoemen met Bryan High in Bryan Thursday while Friday the Yoe Hi Yannegans play Rogers High.

After this week the Yoemen will practice behind closed gates, in preparation for the Rockdale game here next Thursday. The Yoemen will be prepared in every way to fight and win glory for Cameron High, while Rockdale is anxious to annex this year's battle, for it is her time to win.

Texas Christian University of Fort Worth suffered a 23 to 0 defeat at the hands of the "Colossal Gentlemen" from Shreveport Louisiana, at Panther Park Saturday evening. Centenary College defeated the Horned Frogs very easily because of their superior weight. An ordinary dozen of six foot Texans would look like midgets alongside the Centenarians. Every man on the first squad with the exception of the quarterback weighed over 200 pounds. The cut glass she strings should be awarded the team that defeats the "Gentlemen" who have been coached and collected by th famous "Bo" McMillan of Centre College fame.

The Arkansas Razorbacks defeated Louisiana State at Shreveport Saturday 26 to 13. Captain Coleman of the Rozarbacks starred while Jackson starred for the Tigers.

The Longhorns were too strong for Southwestern Saturday and defeated them 44 to 0. Previous to this Southwestern had held A. & M. to a 13 to 0 score but they were practically helpless before the terrible onslaught of the charging Texas backs. Shearer, second string end for the Long-

Drink Water to Help Wash Out Kidney Poison

If Your Back Hurts or Bladder
Bothers You, Begin
Taking Salts

When your kidneys hurt and your back feels sore don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salt which helps to remove the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of good water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and neutralize clogged kidneys; also to stimulate the acids in the system so they are no longer a source of irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to help keep their kidneys clean and active. Try this; also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache. By all means have your physician examine your kidneys at least twice a year.

horns was the most outstanding wing on either side. Gunn, midget half back of the Pirates whose brilliant running and dodging was a feature of the game, was forced to retire on account of an injury. "Casey" Ward and "Blue" Smith starred for the Longhorns. Captain Tynes was injured early in the battle and was forced to retire.

The Yoemen meet Bryan Hi Friday, but at the time of this writing, it is not decided whether the game will be played here or at Bryan.

The Yoemen will probably be intact in the Rockdale game, for by that time Hardin and Fontaine, star half-backs will probably be back in the lineup. This will give the Yoemen a powerful backfield and it will be a sad day for Rockdale.

The dope bucket was given a severe jolt Friday when the S. M. U. Mustangs trimmed the A. and M. Aggies 10 to 0 on Kyle field. Everyone predicted that A. & M. would defeat the Mustangs by a large score, but their prediction went down like the "Titanic." A. & M. made 12 first downs to the Mustangs 3, but in every other stage of the game the Aggies were outplayed. Stollenwerk was the hero of the fray. With his good right toe he booted a perfect field goal.

The Franklin Gridsters were a game fighting bunch, but they were completely outclassed. Franklin has a good team but they lack experience. "Day by day in every way the Yoemen are getting better and better."

Monday, November 12 will be a feature day for the Yoemen, for on that day they meet the Rockdale Tigers. Rockdale has a good team this year and a speedy backfield. Scarbrough at full, Blackburn and Captain Rosenberg at halves, Johnson at quarterback presents a good backfield. The Yoemen will have to hustle every inch of the way to beat

the Tigers, for Rockdale is going to fight like she never fought before, and the Yoemen will have to fight to beat the Regalites.

Next week the Yoemen will start

practicing behind closed gates and only those affiliated with the team will be allowed to enter. The Yoemen are preparing for those proud Tigers from Rockdale.

DODGE BROTHERS COMMERCIAL CAR

Merchants are growing more and more particular about the appearance of the delivery cars they send to their customers' homes.

The reason is perfectly clear to anyone who has ever analyzed his impressions on seeing a handsome, dignified delivery car draw up in front of his own, or his neighbor's door.

Good appearance is one of the three foremost attributes of Dodge Brothers Commercial Car. The others are low upkeep cost and long, dependable service.

Decker Motor Co.

Cameron, Texas

CLOSED CAR PRICES ARE LOWER; MANY BOUGHT

HUDSON AND ESSEX CLOSED MODELS ARE LOWER THAN MANY TOURING CARS.

So far have automobile prices declined since the peak of 1920, and so far have construction methods improved that in a surprising number of instances it is now possible to buy a five-passenger closed car for less money than a standard touring car of the same make and seating capacity cost at that time.

While touring car prices have declined from 20 to 40 per cent during the past three years the development in closed body construction has been even more influential in reducing the cost to the consumer of the closed product.

An outstanding example is that of the Hudson coach, listed at \$1375 at Detroit, whereas the corresponding touring car built in 1920 sold for \$260. This represents a reduction of more than 40 per cent as between the open car price then and the closed car price now. Another comparison made on the same basis, shows Essex at about 40 per cent.

"It won't be long now before the regular run of cars will be enclosed ones," declared August Horstmann, Hudson-Essex dealer. "Other men have said that the enclosed car is the automobile of the future, but we are just now coming to the period when there is something more than talk on the subject."

"The Hudson factory is now turning out Super-Sixes faster than ever before in its history, and nine out of every ten of them are enclosed. That sort of policy is closed car action, not just talk. The Hudson and Essex coaches, which were the first enclosed cars in the world to sell at practically an open car price, are now at the very top of their popularity."

"There is no inherent reason why enclosed cars should cost greatly more than open ones—except that many of them are manufactured and sold at specialties and not as standard goods."

"That situation will have to be re-

versed. The industry will have to produce enclosed cars as its utility, every-day vehicles and make the open cars as specialties.

"Naturally when that practice becomes general, the enclosed cars will sell as low as, or even lower than the closed ones, because the closed car will be the volume-production job."

RADIO SIGNAL TRAVELS 8,500 MILES 20 TIMES IN 25 SECONDS INTERVAL.

New York, Nov. 1.—Proving a revolutionary step in the scientific and commercial development of radio telegraphy, a radio signal today made twenty round trips from the New York office of the Radio Corporation of America to Warsaw, Poland—travelling at a speed of 4,500,000 miles in 25 seconds—without the assistance of an operator at either end. The feat definitely demonstrated that simultaneous acknowledgment can be given long distance radio telegraph messages, declared General J. G. Harbord, president of the corporation.

A single loop connected the vast space while an epoch-marking "dot" raced through the ether with the speed of light and faithfully recorded on a tape each return trip from Warsaw, negotiating on each round trip, 8,500 miles.

Traveling at the rate of 186,000 miles a second, the "dot" message conveyed a mileage distance equal to twenty trips to the moon. The accomplishment means that commercial and other radio messages will be checked as to proof of their receipt and accuracy almost instantaneously.

with their sending, said General Harbord.

The demonstration followed a series of tests of control relays of the United States-Poland circuit, one of the longest radio routes in existence. First the operator at the control center of the New York office communicated with the Warsaw operator and instructed him to tie up his receiving station with the transmitting station, covering a distance of 150 miles between each other. A dot message was sent out and made the complete loop from the New York office and back again while the Warsaw operator manipulated his key. Instructions were then given the operator at Warsaw to leave his key unattended and the "dot" message rocketed around the vast loop 20 times before it died out owing to electrical obstacles.

ROBS CALOMEL OF NAUSEA AND DANGER

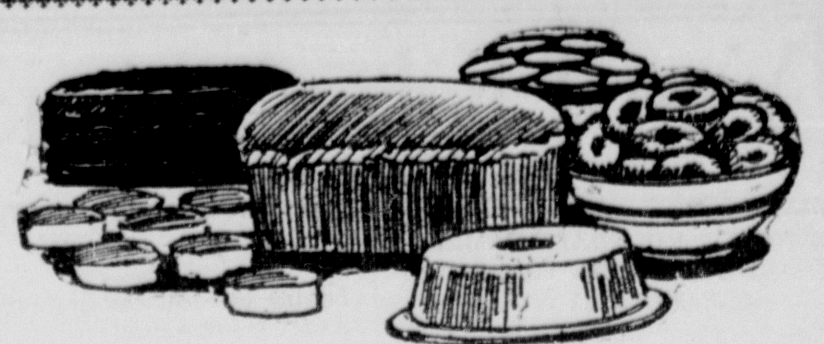

MEDICINAL VIRTUES RETAINED AND IMPROVED—DANGEROUS AND SICKENING QUALITIES REMOVED. PERFECTED TABLET CALLED "CALOTABS"

The latest triumph of modern science is a "de-nauseated" calomel

tablet known to the drug trade as "calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original sealed packages, pure 35 cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (H)-tf

Property Titles Are Safe When they Are RIGHT

Records pertaining to your property mean too much to you to permit acceptance of abstracting service that does not measure up to every requirement of accuracy.

The security of all property rests in valid titles and valid titles can be produced only by abstracting service that takes in every detail of records bearing upon deeds and documents.

ABSTRACTING then becomes a consideration of first importance in the transfer, sale or purchase of property. No title is finished or is safe without an abstract of title.

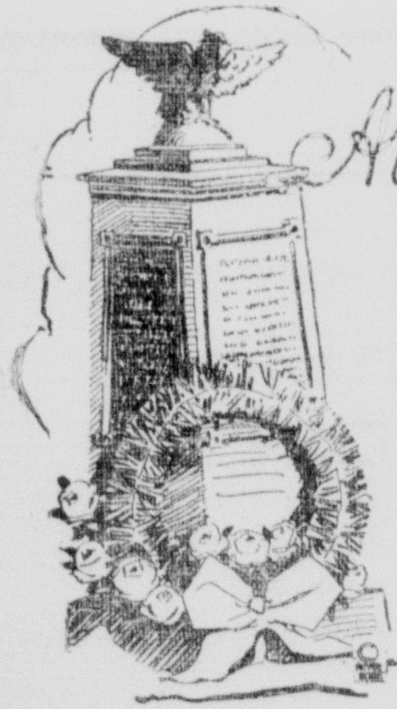

When considering your abstract work think of two things—EXPERIENCE and EQUIPMENT. Without these no abstract service is adequate or entirely safe.

BE SURE YOU ARE RIGHT. OUR ABSTRACTING SERVICE MEETS ALL TESTS OF ACCURACY AND IS NOT WANTING IN ANY DETAIL OF SAFETY ANY SECURITY.

Milam County Abstract Co.

Miss Annie Stallworth, Manager.

Cameron, Texas.

Armistice Day

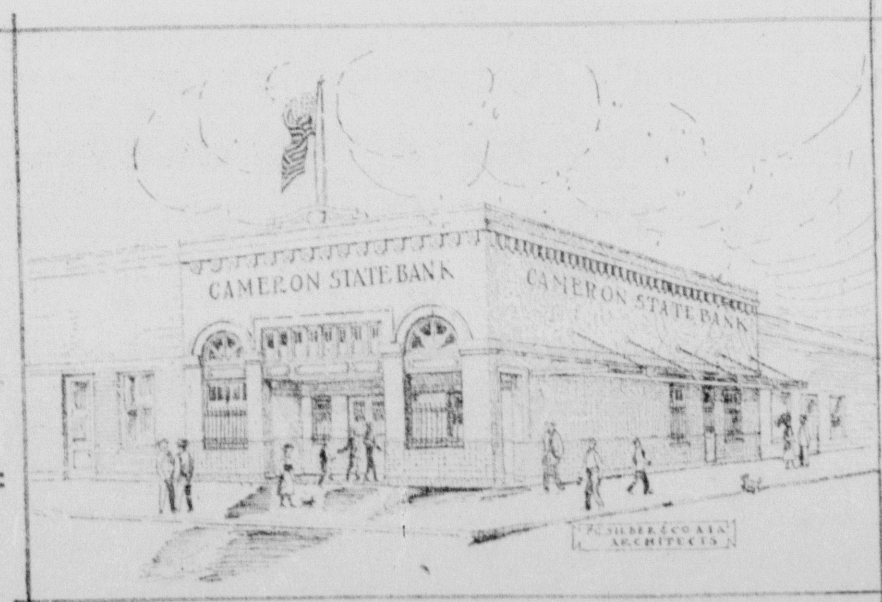

Five years after the world's great catastrophe, America pays homage to the 70,000 men who fell upon the fields of honor. Today, this great nation dedicated to the principles of liberty, celebrates this momentous even of the greatest victory at arms in history.

Five years have passed and wounds of the bitterest struggle of all mankind are gradually healing. Since that eventful day of 1918 the nations of the earth have taken a decided step toward universal peace by naval disarmament. Let us rejoice and give blessings.

WITH THAT SAME STEADFAST DEVOTION SHOWN BY THE NATION TO ITS IDEALS THIS BANK HAS IN ALL THE YEARS OF ITS EXISTENCE FOLLOWED THE PRINCIPLES OF SERVICE AND SATISFACTION IN ITS DEALINGS WITH THE PUBLIC. OUR NEW BUILDING INSURES BETTER SERVICE TO OUR CUSTOMERS AND FRIENDS.

THIS BANK WILL BE CLOSED NOVEMBER 12.
